**NUNC PRO TUNC ASSIGNMENT**

This second Assignment is executed *nunc pro tunc* effective as of January 29, 2019 and February 6, 2019 as it relates to Ryo KONNO and Sachiko NETSU, respectively, to change the address of Jichi Medical University, the Assignee, **from** 1-847, Amanumacho, Omiya-ku, Saitama-shi, Saitama 3308503 Japan **to** 6-3, Hirakawacho 2-chome, Chiyoda-ku, Tokyo 1020093 Japan. This second Assignment incorporates the first Assignment, attached as Appendix A, which was executed by Ryo KONNO and Sachiko NETSU on January 29, 2019 and February 6, 2019, respectively.

In consideration of the sum of one dollar (\$1.00) or equivalent and other good and valuable consideration paid to each of the undersigned inventors: **Ryo KONNO and Sachiko NETSU**, hereby sell and assign, *nunc pro tunc*, as of January 29, 2019 and February 6, 2019, respectively, to Jichi Medical University, a university formed under the laws of Japan, whose mailing address is 6-3, Hirakawacho 2-chome, Chiyoda-ku, Tokyo 1020093 Japan (hereafter referred to as the Assignee), his/her entire right, title and interest, including the right to sue for past infringement and to collect for all past, present and future damages, for the United States of America (as defined in 35 U.S.C. § 100) and throughout the world,

(a) in the invention(s) known as "**COMPOSITION FOR PROPHYLAXIS OR TREATMENT OF IL-8 RELATED DISEASES**" for which application(s) for patent in the United States of America has a filing date or a 371(c) date of February 4, 2019 (also known as United States Application No. 16/323,142, now U.S. Patent No. 11,053,308, issue date July 6, 2021, which is the U.S. National Phase of International Application No. PCT/JP2017/028346, International Filing Date August 4, 2017), in any and all applications thereon, in any and all Letters Patent(s) therefor, and

(b) in any and all applications that claim the benefit of the patent application listed above in part (a), including non-provisional applications, continuing (continuation, divisional, or continuation-in-part) applications (including but not limited to U.S. Application No. 17/333,256 filed May 28, 2021), reissues, extensions, renewals and reexaminations of the patent application or Letters Patent therefor listed above in part (a), to the full extent of the term or terms for which Letters Patents issue, and

(c) in any and all inventions described in the patent application listed above in part (a), and in any and all forms of intellectual and industrial property protection derivable from such patent application, and that are derivable from any and all continuing applications, reissues, extensions, renewals and reexaminations of such patent application, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable;

all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

The undersigned inventors agree to execute all papers necessary in connection with the application(s) and any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient and further to perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

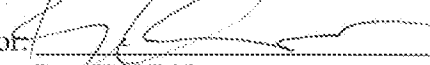

The undersigned inventors agree to execute all papers necessary in connection with any judicial or administrative proceeding, including but not limited to an interference, derivation, post-grant proceeding, or patent enforcement action (judicial or otherwise) related to the application(s) or any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue or reexamination application(s) thereof or Letters Patent(s) therefor and to cooperate with the Assignee in every way possible in obtaining evidence and assisting with such judicial or administrative proceeding.

The undersigned inventors hereby represent that he/she has full right to convey the entire interest herein assigned, and that he/she has not executed, and will not execute, any agreement in conflict therewith.

The undersigned inventors hereby grant the patent practitioners associated with **CUSTOMER NUMBER 23117** the power to insert in this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

The undersigned inventors hereby represent that he/she understands that the patent practitioners associated with **CUSTOMER NUMBER 23117** are the legal representatives of, and attorneys for, the assignee, and are NOT the legal representatives of, and attorneys for, the inventors.

In witness whereof, executed by the undersigned inventors on the date opposite his/her name.
