ASSIGNMENT

This Assignment is entered into effective as of January 2, 2023, between Kocomojo, LLC, having a place of business at 561 Casey Key Rd, Nokomis, FL 34275 (hereinafter “Assignor”) and Kristan Hamill (hereinafter “Assignee”), an individual residing at 561 Casey Key Rd, Nokomis, FL 34275.

WHEREAS Assignor is the owner of the entire right, title and interest, by assignment filed for recordation at the United States Patent and Trademark Office, in and to the patents listed in the attached Schedule A (the “Listed Patents”) and the inventions disclosed therein (the “Inventions”); and

WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in and to the Listed Patents and the Inventions, including any and all rights in and related to the Listed Patents and Inventions in the United States and any foreign country, including continuations, continuations-in-part, reissues, reexaminations, extensions, substitutes, and divisions which may be granted therefor and any applications upon which any of the foregoing claim priority and applications that claim priority from the foregoing (collectively, the “Assigned Patent Rights”);

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the said Assignor, by these presents does sell, assign and transfer unto Assignee, its successors, legal representatives and assigns:

1. All right, title and interest in and to the Assigned Patent Rights; and
2. The sole and exclusive rights to all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and all remedies related thereto, including, without limitation, the right to sue for past, present or future infringement, misappropriation or violation of rights related to the foregoing and all rights to collect and retain any income, damages, license fees, royalties, profits due or accrued and any other remedies for past, present or future infringement under or on account of any of the Assigned Patent Rights.

This assignment is for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with the right to prosecute, register, maintain and defend the Assigned Patent Rights before any public or private agency, office or registrar; and the right, if any, to claim priority based on the filing dates of any of the Assigned Patent Rights, including under U.S. law and the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention, and all other treaties of like purposes and all other rights corresponding thereto throughout the respective countries where Assignor holds rights in the Assigned Patent Rights.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks or any other proper officer or agency of any country to issue all said Letters Patent to said Assignee.

Assignor hereby warrants and covenants that it has the full right to convey the entire interest herein assigned and that Assignor has not executed and will not execute any instrument or assignment in conflict herewith.

Assignor hereby agrees to communicate to said Assignee or her representatives any facts known to it respecting said invention, to execute all divisional, continuation, reissue, reexamination, extension, substitute and foreign applications, sign all lawful documents and make all rightful oaths and declarations relating to said invention, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors, legal representatives or assigns, and to testify in any judicial or administrative proceeding and take such other actions as may be reasonably requested to effectuate the assignment, transfer, conveyance, enforcement and enjoyment of the rights and assets under and contemplated by this Agreement.

If Assignee is unable for any reason whatsoever to secure Assignor's signature to any document reasonably requested by Assignee, Assignor hereby irrevocably designates and appoints Assignee as Assignor's agent and attorney-in-fact, coupled with an interest and with full power of substitution, to act for and on Assignor's behalf and instead of Assignor, to execute

and file any such document or documents and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by Assignor.

This Assignment shall be governed by the laws of the State of Florida, without giving effect to any choice or conflict of law provision or rule (whether of the State of Florida or any other jurisdiction).
