Attorney Docket No: PC-4384
INVENTORS: Robert Winsor and Paul Calhoun
FOR: Diffractive Beam Steering System with High Efficiency

ASSIGNMENT

As below named inventors of an invention or improvement entitled: Diffractive Beam Steering System with High Efficiency, specification of which is filed herewith, and for which is
X Attached hereto.

and for which we have executed an application for Letters Patent of the United States of America on even date herewith; and WHEREAS, Defense Advanced Research Projects Agency (DARPA), an agency of the U.S. Government, with its principal place of business at 675 North Randolph Street, Arlington, Virginia 22203-2114, desires to acquire the entire right, title and interest in and to the said invention and the said application in the United States of America and in any and all countries foreign thereto;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we have sold, assigned, transferred, and set over, and by these presents do hereby sell, assign, transfer, and set over, unto said Defense Advanced Research Projects Agency (DARPA), their successors, legal representatives, and assigns, our entire right, title, and interest in, to, and under the said invention, and the said application, and all divisional, renewal, substitution, and continuing applications, thereof, and all Letters Patent of the United States of America which may be granted thereon and all reissues and extensions thereof, and all applications for Letters Patent which may be filed for said invention, in any country or countries foreign to the United States of America, including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention, all rights to register said invention, in appropriate registries, and all Letters Patent which may be granted for said invention in any country or countries foreign to the United States of America, and all extensions, renewals, and reissues thereof, and we hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America, and any official of any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said invention to said Defense Advanced Research Projects Agency (DARPA), their successors, legal representatives, and assigns, in accordance with the terms of this instrument.

And we hereby further covenant and agree that we will communicate to said Defense Advanced Research Projects Agency (DARPA), their successors, legal representatives and assigns, any fact known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisions, renewal, substitution, continuing, and reissue applications, make all rightful declarations and/or oaths and generally do everything possible to aid said Defense Advanced Research Projects Agency (DARPA), their successors, legal representative, and assigns, to obtain and enforce proper patent protection for said invention in all countries.

IN TESTIMONY WHEREOF, we authorize and affirm said assignments with the signatures set forth below on the indicated dates.
