RECEIPT INFORMATION

EPAS ID: PAT8037125
Receipt Date: 06/30/2023

CONFIRMATORY PATENT ASSIGNMENT

This Confirmatory Patent Assignment is entered into as of the date of the last signature hereto ("Effective Date"), by and between Benjamin Carl Casey, (hereinafter "Assignor"), residing at 8 Vicksburg Lane, Richardson, Texas 75080, and OsteoMed LLC, (hereinafter "Assignee"), a Delaware limited liability company, having its principal place of business at 3885 Arapaho Road, Addison, Texas 75001. The Assignor and Assignee are referred to herein from time to time collectively as the "Parties" and individually as a "Party."

WHEREAS, Assignor and Assignee have been the Parties to an assignment attached as Exhibit A ("December 6, 2019 Assignment"), which is related to U.S. Patent Application No. 15/689,957 ("957 Application"), and pursuant to the December 6, 2019 Assignment, a whole family of patents and patent applications, including any and all direct and indirect provisionals, nonprovisionals, divisions, continuations, and continuations-in-part of the '957 Application in the United States and all foreign countries, such as the patents and patent applications listed on the attached Exhibit B ("the Patents/Applications"), was assigned from Assignor to Assignee.

WHEREAS, pursuant to this Confirmatory Patent Assignment, Assignee desires to acquire or confirm it has the entire, undivided right, title, and interest in and to the Patents/Applications from Assignor, including the right to sue for and recover damages for past infringement; and

WHEREAS, Assignor wishes to, for good and valuable consideration, enter into a Confirmatory Patent Assignment to assign and transfer to Assignee, to the extent not previously assigned, any and all of the right, title, and interest in and to the Patents/Applications held by Assignor, including the right to sue for and recover damages for past infringement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all inventions or improvements that are disclosed in the Patents/Applications and in and to all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications,

continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of the inventions or improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on the inventions or improvements; and in and to all rights of priority resulting from the filing of the Patents/Applications, including, without limitation, the right and standing to sue for and recover damages for any past, present or future infringement, misappropriation or unauthorized use of the Patents/Applications, to have and to hold the same, for the full duration of all such rights, and any renewals and extensions thereof, as fully and entirely as the same would have been held by Assignor had this Assignment or the December 6, 2019 Assignment not been made;

Assignor hereby agrees that Assignee may apply for and receive a patent or patents for the inventions or improvements in its own name; and that, when requested at the expense of Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute the necessary documents associated with all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications on any and all the inventions or improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to the inventions or improvements and the history thereof; and generally assist Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for the inventions or improvements and for vesting title to the inventions or improvements, and all applications for patents and all patents on the inventions or improvements, in Assignee, its successors, assigns, and legal representatives.

ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT, made by Jiayoung Ryu; Terry Whipple; and Ben Casey (hereinafter referred to as Assignors), each having an address of 3885 Arapaho Road, Addison, Texas 75001;

WHEREAS, Assignors have invented certain new and useful improvements in FOUR CORNER FUSION DEVICE, set forth in a Provisional application for Letters Patent of the United States, filed on August 29, 2017 as U.S. application No. 15/689,957; and

WHEREAS, OsteoMed LLC, a Limited Liability Company organized under and pursuant to the laws of Delaware having its principal place of business at 3885 Arapaho Road, Addison, Texas 75001 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to said inventions and said Application for Letters Patent of the United States, and in and to any Letters Patent of the United States to be obtained therefore and thereon.

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions and application for Letters Patent, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and

delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors are the sole and lawful owners of the entire right, title and interest in and to the said inventions and application for Letters Patent above-mentioned, and that the same are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignors hereby covenant and agree to and with Assignee, its successors, legal representatives and assigns, that Assignors will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns requests such action.

AND Assignors hereby request the Commissioner of Patent and Trademarks to issue said Letters Patent of the United States to Assignee, as Assignee of said inventions and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

AND Assignors hereby grant the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:
