ASSIGNMENT

WHEREAS, Katerra Inc., (hereinafter referred to as Assignor), having a former address at 2494 Sand Hill Road, Bldg, 7, Suite 100, Menlo Park, CA 94025, is owner of an undivided right, title and interest in and to certain applications for letters patent of the United States and the inventions disclosed therein; and

WHEREAS, BFS Operations LLC, as successor by merger to **BMC Corporate Services, LLC**, (hereinafter referred to as Assignee), a Delaware corporation having an address at 2001 Bryan Street, Ste. 1600, Dallas, TX 75201, is desirous of acquiring said right, title, and interest of Assignor;

NOW, THEREFORE, in consideration of good and valuable consideration by Assignee to Assignor, receipt of all of which is hereby acknowledged, Assignor has agreed to and does hereby sell, assign, and transfer unto Assignee, its successors and assigns, all of Assignor's right, title, and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to the United States patent applications listed below, any other United States applications (including provisional, non-provisional, divisional, continuing or reissue applications) based in whole or in part on said United States applications or in whole or in part on said inventions, any Patent Cooperation Treaty (PCT) applications based in whole or in part on said United States applications or in whole or in part on said inventions, any foreign applications based in whole or in part on any of the aforesaid United States applications or in whole or in part on said inventions, and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said inventions or any part thereof, and all rights of priority resulting from the filing of said United States patent applications (including right to claim priority to said patent

applications in international patent applications). This Assignment is on an “as is, where is” basis without any representations or warranties of title.

TO BE HELD AND ENJOYED BY Assignee, its successors and assigns, to the ends of the respective full terms for which said patents have been or may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

AND Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to issue any and all United States patents which may be granted upon said United States patent applications to assignee, its successors and assigns.

AND Assignee shall indemnify, defend and hold harmless Daniel R. Williams, solely in his capacity as the Plan Administrator (the “Plan Administrator”), for Katerra Inc. , a Delaware corporation (“Applicant”) and its affiliated debtor entities (collectively, the “Wind-Down Debtors”), and their respective bankruptcy estates, agents, employees successors and assigns (collectively, the “Indemnified Parties”) from and against any and all claims, counterclaims, suits, actions, causes of action, losses, liabilities, damages, penalties, late fees, costs and expenses, including attorneys’ fees, arising out of or in any way related to this Assignment and the patents which may be granted, and all actions taken by Assignee or its attorneys, agents, employees, successors or assigns related thereto;

AND Assignee shall execute any and all documents and take all such actions as Assignor determines are necessary to re-assign said patents to Applicant or the Indemnified Parties, as applicable, in the event that it is determined that said patents were not Acquired Assets pursuant to the Asset Purchase Agreement dated as of August 12, 2021 entered into by and among Applicant and Seller and Assignee as Buyer.

THE UNITED STATES PATENT APPLICATIONS ARE AS FOLLOWS:

| Serial No. | Filing Date | Title |
