ASSIGNMENT

Whereas I, William Hunter RALEY, a citizen of United States, having an address of 1204 Syracuse Cir., Plano, TX 75075, United States, have made certain Inventions or Discoveries or both set forth in the United States Patent Application entitled CYLINDER STORAGE CAGE MONITORING SYSTEM, identified as Attorney Docket No. 1092-2U, which Application was filed with the USPTO on **August 04, 2023**, and assigned Application No. **18/230,531** ; and

Whereas, Propane Hunter LLC, a US Company, having a place of business at 1204 Syracuse Cir., Plano, TX 75075, United States, and which, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits, and privilege hereinafter recited.

In the event that the execution date, filing date, and/or Application Number are not entered above at the time I execute this document, and if such information is deemed necessary, I hereby authorize and request the attorney(s) at Koenig IP Works, PLLC, 2208 Mariner Dr., Fort Lauderdale, Florida 33316, to insert above the execution date, filing date, and/or Application Number of said Application.

Now, therefore, for valuable consideration furnished by Assignee to me, receipt and sufficiency of which I hereby acknowledge, I hereby, without reservation:

1. Assign, transfer, and convey to Assignee the entire right, title, and interest in and to said Inventions and Discoveries, said Application and any application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said Inventions and Discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, reissue, re-examination, international (PCT) and Convention applications based in whole or in part upon said Inventions and Discoveries, or upon said applications, and any and all Letters Patent, reissues, re-examinations, and extensions of Letters Patent granted for said Inventions and Discoveries or upon said Applications, and every priority right that is or may be predicated upon or arise from said Inventions and Discoveries and said Letters Patent, as well as all causes of action and enforcement rights for said Inventions and Discoveries, including all rights to pursue damages, injunctive relief, and other remedies for past and future infringement of said Letters Patent. This transfer includes all rights to prior judgments, and all rights to collect money for and to obtain injunctions based upon past, present, and future infringement;
2. Authorize Assignee to file patent applications in any or all countries on any or all of said Inventions and Discoveries in my name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;
3. Authorize and request the Director of the United States Patent and Trademark Office and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct;
4. Warrant that I have not knowingly conveyed to others any right in said Inventions and Discoveries and Applications or Letters Patents or any license to use the same or to make,

use, or sell anything embodying or utilizing any of said Inventions or Discoveries; and that I have good right to assign the same to Assignee without encumbrance;

5. Bind my heirs, legal representatives and assigns, as well as myself, to do, upon Assignee's request and at Assignee's expense, but without additional consideration to me or them, all acts reasonably service to assure that the said Inventions and Discoveries, Applications, and Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by me, my heirs, legal representatives, and assigns if this Assignment had not been made; and particularly to execute and deliver to Assignee all lawful Application documents including petitions, specifications, oaths, declarations, assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to said Inventions and Discoveries and/or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in my control or in the facts of my conceptions, disclosures, and reduction to practice of said Inventions and Discoveries.

In testimony of which I have executed this Assignment as a witnessed instrument on the dates indicated next to my name.
