Assignment

WHEREAS,

Rachel Ho May-Ling of Singapore,
Ramu Valliappan Manickam of Singapore, and
Paul L. Riley of Houston, Texas, U.S.A.,

hereafter referred to as the "Assignor(s)", have invented a certain new and useful Invention entitled:

SEALING PROFILE PROTECTOR

for which an Application for a United States Patent was filed on 10/11/2019 and assigned U.S. Patent Application Number 16/604,721, which application is a U.S. national stage filing of International Patent Application No. PCT/US2017/030461 filed on 05/01/2017 (hereinafter collectively referred to as the "Applications");

WHEREAS, FMC Technologies, Inc., a Delaware corporation having a place of business at 11740 Katy Freeway, Energy Tower 3, Houston, Texas 77079 (hereinafter "FMC"), is desirous of acquiring the Assignors' entire right, title, and interest in and to said Invention, and in and to said Applications, inclusive of any and all priority rights derived therefrom, and in and to all Letters Patent, both U.S. and foreign, which may be granted for said Invention and on said Applications;

NOW, THEREFORE, for the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignors do hereby sell, assign, transfer, and set over unto FMC, its successors and assigns, Assignors' entire right, title, and interest in and to said Invention, and in and to said Applications, inclusive of any and all priority rights derived therefrom, and in and to all Letters Patent and any reissues or extensions thereof which may be granted upon said Applications or upon any substitutes, divisions, or continuations of said Applications, and in and to all Letters Patent and the like which may be granted upon any application filed in the United States or a foreign country which is based upon or claims priority from said Applications or upon any substitutes, divisions, or continuations of said Applications, and in and to all Letters Patent or the like, both U.S. and foreign, which may be granted for said Invention, the same to be held and enjoyed by FMC for its own use and behoof, and for the use and behoof of its successors and assigns, to the full end of the term or terms for which said Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by the Assignors had this assignment and sale not been made;

AND, the Assignors hereby agree to execute, upon request, any and all further papers which may be necessary or desirable to enable FMC, its successors and assigns, to file and prosecute said Applications and any substitutes, divisions, or continuations thereof, to file and prosecute any reissues and extensions of the Letters Patent granted upon said Applications or upon any substitutes, divisions, or continuations thereof, and to file and prosecute any and all United States and foreign applications for Letters Patent or the like which are based upon or claim priority from said Applications or from any substitutes, divisions, or continuations thereof; and the Assignors further agree to execute any and all further papers which may be necessary or desirable to vest or perfect the title of FMC, its successors and assigns, in and to said Invention, said Applications, and any and all of the applications and Letters Patent, both U.S. and foreign, recited above;

AND, the Assignors hereby authorize and request the COMMISSIONER OF PATENTS to issue each and every Letters Patent to be granted upon said Applications, and upon and any and all of the

applications for Letters Patent, both U.S. and foreign, recited above, to FMC, its successors and assigns, as the assignee of the entire right, title, and interest therein, in accordance with this Assignment.
