**Invention Title:**           **QUICK CURB BRACKET**

  x      Application Filed       30 September 2020 as Serial No. 17/038,984

WHEREAS, the above-identified Assignee desires to acquire the entire interest in, to and under the Invention, for which, as indicated above, a patent application is attached, or was filed on the date and assigned the serial number specified above, or has issued as indicated above, and in, to and under Letters Patent or similar legal protection to be obtained therefore in the United States and in any and all foreign countries.

NOW THEREFORE, TO ALL WHOM IT MAY CONCERN:

Be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the above-identified Assignor(s) hereby sells, assigns and transfers to the above-identified Assignee the full and exclusive right, title and interest to said Invention and all rights to priority, in the United States and its territorial possessions and in all foreign countries, and to all patent applications and Letters Patent or similar legal protection in the United States and its territorial possessions and in any and all foreign countries to be obtained for said Invention by said application or any continuation, division, renewal, substitute or reissue thereof or any legal equivalent thereof in a foreign country for the full term or terms for which same may be granted. This assignment also includes all past, present and future causes of action and remedies for damages and profits, for infringement and misappropriation of the Invention or any patents relating thereto.

Assignor(s) hereby covenant and warrant that no assignment, sale, agreement, license or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

Assignor(s) further covenant that Assignee will, upon its request and without additional compensation, be provided promptly with all pertinent facts and documents relating to said application, said Invention and said Letters Patent and legal equivalents in foreign countries as may be known and accessible to Inventors and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its designee any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, said Invention and said Letters patent and said equivalents therefore in any foreign country which may be necessary or desirable to carry out the purposes hereof.

IN WITNESS WHEREOF, we have hereunto set our hand and seal.

Carroll Distributing & Construction Supply, Inc.
