## ASSIGNMENT

WHEREAS I, **MATCHETT, Michael Kenneth** having a postal address of **1151B Reader Crescent NE, Calgary, Alberta, T2E 5J8, Canada** (hereinafter, the "Assignor"), am the sole inventor of certain inventions or improvements described, or described and claimed, in **United States Provisional Patent Application No. 62/560,338** and **Canadian Patent Application No. 2,979,494** both filed **September 19, 2017**, Title "**Device and Method For Securing a Zippered Compartment**" (hereinafter the "Priority Applications"), and in a yet to be filed **Patent Cooperation Treaty Patent Application** (hereinafter the "Application"), all entitled:

### **DEVICE AND METHOD FOR SECURING A ZIPPERED COMPARTMENT**

AND WHEREAS, **HIGHCROFT INNOVATIONS LTD.** (hereinafter the "Assignee"), having a postal address of **1151B Reader Crescent NE, Calgary, Alberta, T2E 5J8, Canada** was desirous of acquiring the entire right, title and interest in and to the said inventions or improvements, and in and to the Priority Applications and said Applications, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries.

NOW THEREFORE, in consideration of the sum of ONE (\$1.00) DOLLAR and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the Assignor, do hereby confirm that I did sell, assign, transfer and set over to the Assignee, and in any event I do hereby sell, assign, transfer and set over to the Assignee, the following:

- a) the right to claim priority to any of:
  - i) the Priority Applications,
  - ii) the Application, and
  - iii) any other patent applications that are referred to below in sub-paragraphs (b)(ii – iv) inclusive (hereinafter the "Related Applications");
  
- b) the entire right, title and interest in, to and under:
  - i) the said inventions and improvements, and the Priority Application and Application, and in and to any and all improvements thereto, and
  - ii) any and all patent applications directed to any of the said inventions and improvements, and any improvements thereto;
  - iii) any and all patent applications claiming priority from any of the Priority Application, Application and patent applications referred to in this paragraph (b) including without limitation all foreign, national and regional phase entry patent applications, and
  - iv) any and all continuations, continuations-in-part, divisions, renewals of, substitutes or the like for any of the Priority Application, Application and patent applications referred to in this paragraph (b), and

- v) all Letters Patent that may be granted on or as a result of any of the Priority Application, Application and Related Applications, and
- vi) all reissues, reexaminations and extensions of said Letters Patent;
- c) the right to be granted a patent on, or as a result of, any of the Priority Application, Application and Related Applications including without limitation the right to be granted a patent in Patent Cooperation Treaty contracting states; and
- d) any and all causes of action which may exist by reason of infringement of any of the foregoing, and any and all damages arising from past, present and future violations thereof.

AND I do hereby, assign to and authorize the Assignee to, file and prosecute in our names applications for Letters Patent for said inventions or improvements in Canada, United States of America and all other countries, or Patent Cooperation Treaty applications or other regional or national applications, the same to be granted to, and held and enjoyed by, the Assignee, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by the Assignor, had this assignment, sale and transfer not been made.

AND I hereby covenant that I had full right to convey the entire interest then assigned or now assigned, and that I have not executed and will not execute any agreement in conflict herewith, and I further covenant and agree that I will, each time request is made by the Assignee and without undue delay or further compensation whether monetary or otherwise, execute and deliver in a timely manner all such papers as may be necessary or desirable to perfect the title to said inventions or improvements, said Application and said Letters Patent, in the Assignee, its successors, assigns, nominees or legal representatives, and I agree to communicate to the Assignee, or its nominees, all known facts respecting said inventions or improvements, said Application and said Letters Patent, and without further compensation whether monetary or otherwise, and in a timely fashion, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisional, continuing, reissue and foreign applications, to make all rightful oaths, and generally to do everything possible to aid the Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its or their own benefit, proper patent protection for said inventions or improvements in any and all countries, all at the expense, however, of the Assignee or its successors, assigns, nominees or legal representatives.

AND I hereby authorize and request the Commissioner of Patents of Canada and the United States, and any official of any country or countries foreign to Canada or the United States whose duty it is to issue patents on applications as aforesaid, to issue to the Assignee, as assignee of the entire right, title and interest, any and all Letters Patent for said inventions or improvements, which may be issued and granted on or as a result of the applications aforesaid, in accordance with the terms of this Assignment.

AND I hereby authorize and request the Assignee's patent agent/attorney, to insert here (Patent Cooperation Treaty Patent Application No. PCT/CA2018/051162 filed September 18, 2018), the respective filing date and application number of the said Application when known.
