JOINT ASSIGNMENT

WHEREAS Dean Carnell Sanders residing at 22474 Buena Vista Rd., Clements, CA. 95227 and Elliott James Gist residing at 5725 Hulen Ave., Modesto, CA. 95356 (hereinafter the "Assignor") believe they are the sole inventors of certain new and useful improvements set forth into the subject matter identified herein as IN-LINE DISCONNECT SWITCH (hereinafter "Invention"), U.S. Application Serial Number 18/094,340 an application for United States Letters Patent (hereinafter "Application"); and

WHEREAS, INERTIA ENGINEERING AND MACHINE WORKS, INC., a corporation incorporated in the State of California, and having a principal place of business at 6665 HARDAWAY RD., STOCKTON, CA. 95215, (hereinafter "Assignee") is desirous of obtaining Assignor's entire right, title and interest in, to and under said Invention and Application;

NOW, THEREFORE, in good and valuable consideration paid to Assignor, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and hereby sells, transfers and assigns to Assignee, Assignee's successors, legal representatives or assigns, each Assignor's entire right, title and interest in, to and under the Invention disclosed in the Patent Application identified herein, including without limitation all U.S. Applications or Patents claiming priority to and/or seeking to protect the Invention of the Patent Application, including any and all, utility patents and/or applications, design patents and/or applications, plant patents and/or applications, divisional patents and/or applications, continuation patents and/or applications, continuation-in-part patents and/or applications, reissue patents and/or applications, re-examination patents and/or applications, and all priority rights therein, all patents of all nature which may be granted thereon and all renewals and extensions thereof, all applications for patents which may be filed thereon in every country or countries other than the United States and all patents which may be granted thereon by such other country or countries and all renewals and extensions thereof. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any other such country or countries whose duty it is to issue patents on applications as aforesaid, to issue all patents therefor to Assignee, Assignee's successors, legal representatives or assigns as provided by this instrument.

Assignor covenants and warrants that each Assignor has the full right and power to convey the entire interest herein assigned, and that Assignor has not executed and shall not hereafter execute any document in conflict with this assignment or constituting a lien against or right under the subject matter assigned. Assignor further covenants and agrees to communicate to Assignee, Assignee's successors, legal representatives or assigns, any facts known to Assignor respecting said Invention, to testify in any proceedings, to sign all lawful papers, and to execute all applications for patent and other documents and generally to do everything possible to aid Assignee, Assignee's successors, legal representatives or assigns to obtain and enforce any and all patents for said Invention in all countries.
