ASSIGNMENT OF INVENTION,  
PATENT APPLICATION AND PATENT

Whereas Verticon, a Limited Liability Corporation of Colorado, having a principal place of business at 15680 West 6<sup>th</sup> Avenue Frontage Road, City of Golden, the State of Colorado, 80401, hereafter referred to as ASSIGNOR, owns all right and title to certain new and useful improvements, entitled "Tool Measuring Apparatus for Mounting Surface to Cast Shadow", and embodied in United States Patent No. 9494414, granted on November 15<sup>th</sup>, 2016 in the United States Patent Office (hereinafter the INVENTION),

And further whereas, Integrated Packaging Solutions, a Limited Liability Corporation of Colorado, having a principal place of business at 15680 West 6<sup>th</sup> Avenue Frontage Road, City of Golden, the State of Colorado, 80401, hereafter referred to as ASSIGNEE, is desirous of acquiring the exclusive and entire right, title and interest in the INVENTION, and any Patents, Patent Applications and other intellectual property thereon which are presently extant or later granted in the United States of America and its territories and possessions, and in all countries foreign thereto;

and whereas the ASSIGNOR agrees to communicate to the ASSIGNEE or its designated representatives all facts known to it respecting the INVENTION, whenever requested, and testify in any legal proceedings, sign all lawful papers, make all rightful oaths and generally do everything possible to aid the ASSIGNEE, its successors and assigns, to obtain and enforce proper patent and other intellectual property protection for the INVENTION in the United States of America and its territories and possessions, and in all countries foreign thereto;

ASSIGNOR hereby sells, assigns, transfers and sets over to the ASSIGNEE the full right, title and interest in the INVENTION, and in the US patent application

therefore, and in any patent or any reissue of any patent that may be granted thereon, and any other applications which are continuations, continuations-in-part, substitutes, or divisions of said application. ASSIGNOR further acknowledges the receipt of good and valuable consideration for this assignment. ASSIGNOR hereby authorizes the ASSIGNEE and/or the ASSIGNEE's legal representative to enter in the spaces provided above: the date of signature or execution of the application, and/or the filing date of the application, and/or the application serial number.

ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue said United States patent to said ASSIGNEE, for its sole use and behoof of its legal representatives, to the full term for which the patent may be granted, to the same extent as the same would have been held by ASSIGNOR had this assignment not been made.

ASSIGNOR further hereby sells, assigns, transfers and sets over to the ASSIGNEE the full right, title and interest in the INVENTION in each and every jurisdiction foreign to the United States, and in patent applications therefor in each and every jurisdiction foreign to the United States, and in any patent granted and other right granted in each and every jurisdiction foreign to the United States.

ASSIGNOR agrees to execute all papers, provide all testimony, and perform such other lawful acts, at ASSIGNEE's expense, as ASSIGNEE may require in order perfect ASSIGNEE's full right, title and interest in any patent and grant of other right in the United States and in each and every jurisdiction foreign to the United States, and to uphold, enforce, and convey the validity of said patent and grant of other right, and the ASSIGNEE's interest therein.
