ASSIGNMENT

I, for good and valuable consideration, receipt of which is hereby acknowledged, have assigned and do hereby assign and sell, which confirms any previous assignment by me, by operation of law, or by my employment obligations, to RAIN BIRD CORPORATION, a California corporation, having its principal place of business at 970 West Sierra Madre Avenue, Azusa, California, 91702, United States of America ("Assignee"), its successors, assigns, and legal representatives, the entire right, title, and interest, in and to all subject matter and improvements invented, made, or conceived by me and described in the applications for patent entitled

IRRIGATION FLOW SENSOR SYSTEMS AND METHODS OF DETECTING IRRIGATION FLOW

having Provisional Application Number 63/016,159, filed April 27, 2020, and Provisional Application Number 63/161,127, filed March 15, 2021, and Non-Provisional Application Number 17/242,253, filed April 27, 2021, in and to all patent and all patent convention and treaty rights of all kinds, including the right to claim priority from said applications, and all rights in and to any utility model, continuation, continuation-in-part, and divisional application therefrom, and any reissue or re-examination as to any patent issuing therefrom, and any rights from post-grant proceedings, in all countries throughout the world, for all such subject matter described therein, including all rights of action and rights to recover damages for past infringements.

I agree that on request and without further consideration, I will communicate to the Assignee or its representatives or nominees any facts known to me respecting the inventions and improvements and testify in any legal proceeding, make all rightful oaths, sign all lawful papers, and execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent, utility model, or other similar rights in all countries including, but not limited to, any provisional, non-provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, for any derivation proceedings relating thereto, and, as to any patents that issue from such applications, for any supplemental examination, derivation proceeding, opposition, post grant review, reissue, re-examination, *inter partes* review, or extension thereof, and generally do everything possible to aid the Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for the invention and its improvements in all countries.

By signing below, whether as (i) a wet ink signature, (ii) an electronic signature, and/or (iii) a digital signature, I indicate my intent to effect this Assignment document. I have agreed to and do hereby agree to conduct this Assignment transaction by electronic means.

This Assignment shall be exclusively governed by and shall be construed in accordance with the laws of the State of California without regard or reference to any conflict-of-laws rules or principles that might refer the governance or the construction of this Assignment to the laws of another jurisdiction.
