If the U.S. Serial Number, the filing date, or both, are unknown at the time of execution of this Assignment, Assignor(s) authorizes any attorney listed with GANZ POLLARD, LLC, or otherwise listed with USPTO Customer Number 22874, to insert where indicated above, the serial number, the filing date, or both, when known, and to make changes to the Attorney Docket No. listed herein.

Without limiting the generality of the foregoing, Assignor(s) requests and agrees that all patents under Patent Family Rights shall issue to said Assignee, as the sole owner of the entire right, title and interest in and to any and all said patents and said inventions thereby patented. And Assignor(s) grants Assignee a limited power of attorney to execute documents on behalf of Assignor(s) to give effect to this provision in case Assignor(s) is unavailable, deceased, incapacitated, or otherwise unable or unwilling to cooperate in the process of effecting a transfer of ownership, or recordation of ownership right(s) in the name of the Assignee.

Assignor(s) agrees that, when requested, Assignor(s) will, without charge to said Assignee but at Assignee's expense, execute additional assignments and all other writings, make all declarations and take all oaths, and do all other acts which Assignee reasonably may deem necessary, desirable or convenient (i) for perfecting, securing, maintaining, asserting, and enforcing any and all Patent Family Rights in any and all countries and (ii) for vesting the entire right, title and interest therein and thereto solely in said Assignee. Assignor(s) hereby assigns, and authorizes and empowers said Assignee to invoke and claim in any application in the Patent Family Rights filed by or for it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any treaty or convention which may henceforth be substituted for or be an alternative to the Convention, and authorizes and empowers said Assignee to invoke and claim such right of priority without further written or oral authorization from Assignor(s).

This Assignment grants said Assignee the sole right (a) to pursue in its own name any past, present, or future actions (including, without limitation, claims of infringement) based on any and all rights and privileges that may be issued, granted or otherwise arise from, or relate to, in any country, the Patent Family Rights; and (b) to exclusively retain any awards, settlements, or other remedies therefrom, as fully and as entirely as we would have had the right to pursue and to retain had this assignment and sale not been made.

A copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose. More particularly, a copy of this Assignment shall prove Assignee's right to claim the

aforesaid benefit of priority under the International Convention for the Protection of Industrial Property, as amended, or by any treaty or convention which may substitute for the Convention.

Assignor(s) acknowledges that Assignor(s) was obliged to assign all rights, title and interest in and to the Patent Family Rights to Assignee when the inventions were conceived.

Assignor(s) represents and warrants that the rights and property herein conveyed are free and clear of any encumbrance, and that Assignor(s) has full right to convey them as set forth herein.

Assignor(s) represents and warrants Assignor(s) will not execute any assignment, encumbrance or other writing, or do any other act, that conflicts (a) with this Assignment or (b) without limiting the generality of the foregoing, with any provision set forth herein.

If Assignor(s) previously executed an assignment of rights via another assignment agreement, e.g., an employment agreement, independent contractor agreement, consulting agreement, joint development agreement, etc., all grants of rights described herein shall be effective as of the date of the earliest grant of rights under any such agreement. Nothing herein shall supersede any non-conflicting provisions of any such agreement.
