PATENT ASSIGNMENT

This assignment is by:

1. Matthäus Mittasch
c/o Dewpoint Therapeutics GmbH
Pfortenhauer Str. 108
01307 Dresden, Germany
2. Edgar Boczek
c/o Dewpoint Therapeutics GmbH
Pfortenhauer Str. 108
01307 Dresden, Germany

(each referred to in this Assignment as "Assignor"), whose residence or mailing address information is listed above.

This Assignment is to:

Assignee: Dewpoint Therapeutics GmbH
Address: Pfortenhauer Str. 108, 01307 Dresden, Germany

A juristic entity duly organized under and pursuant to the laws of: Germany

(referred to in this Assignment as "Assignee"), which desires to acquire Assignor's entire right, title and interest in, to and under the patent applications identified below and the inventions covered thereby, and in any United States, international, and foreign applications for letters patent based thereon or claiming priority thereto.

Assignors together with

Bruce Aaron Beutel,
Peter Jeffrey Dandliker,
Stephen Paul Hale,
Mark Andrew Murcko, and
Diana Maria Mitrea,

invented certain new and useful inventions in:

METHODS OF CHARACTERIZING CONDENSATE-ASSOCIATED CHARACTERISTICS OF COMPOUNDS AND USES THEREOF

for which the following Patent Cooperation Treaty (PCT) international application has been filed, either previously or concurrently herewith (which identifying information may be added after execution):

Serial No.: PCT/US20/17333 Filing Date: February 7, 2020
(Morrison & Foerster LLP docket number: 18599-20001.40),

and for which the following United States patent application has been filed, either previously or concurrently herewith (which identifying information may be added after execution):

Serial No.: US 16/785,448 Filing Date: February 7, 2020
(Morrison & Foerster LLP docket number: 18599-20001.00),

which each claim priority benefit to:

U.S. Provisional Patent Application No. 62/803,365, filed on February 8, 2019, and

U.S. Provisional Patent Application No. 62/866,526, filed on June 25, 2019.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and to the extent that the Assignor has not done so already via a prior agreement with the Assignee or a predecessor in interest of the Assignee, or if the Assignor has already done so via a prior agreement with the Assignee or a predecessor in interest of the Assignee then in confirmation of any obligation to do so in said prior agreement,

1. Assignor hereby sells, assigns, transfers and sets over, to, Assignee, its successors, legal representatives and assigns, Assignor's entire right, title and interest in and to the above-mentioned inventions, Patent Cooperation Treaty (PCT) international application, United States patent application, any and all non-provisionals, national and regional stage applications from the Patent Cooperation Treaty (PCT) international application, divisions, continuations, and continuations-in-part based thereon or claiming priority thereto or the benefit thereof, substitutions of said applications, and any and all letters patent or patents in the United States of America and all foreign countries or jurisdictions which may be granted therefor and thereon, including, without limitation, any modifications to such letters patent or patents such as through reissue, re-examination or other post-grant proceeding, and any and all extensions of said letters patent or patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee (including any right to institute actions and to recover damages for past, present and future infringement, and any and all rights to claim priority to said application and any and all applications claiming priority thereto or based on said inventions), for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

2. Assignor represents, warrants and covenants (a) that, at the time of execution and delivery of this agreement, Assignor is the sole and lawful owner of Assignor's entire right, title and interest in and to said inventions and said application, and that the same are unencumbered and that Assignor has good and full right and lawful authority to sell and convey the same in the manner set forth in this agreement, or (b) that Assignor solely and lawfully owned Assignor's entire right, title and interest in and to said inventions and said application, and that the same were unencumbered and that Assignor previously sold, assigned, transferred, and set over, to Assignee, its successors, legal representatives and assigns, or to a predecessor in interest of Assignee, Assignor's entire right, title and interest in and to said inventions and said PCT application.

3. Assignor shall promptly sign, execute, and deliver to Assignee all papers, instruments, affidavits, and documents, take all lawful oaths, and do all acts necessary, required or useful for the procurement, maintenance, enforcement, defense or otherwise to secure title thereto to the Assignee, at the sole cost and expense of Assignee, its successors, legal representatives and assigns, in each case including, without limitation, arising from or relating to (a) said inventions, or said PCT application; (b) any and all non-provisionals, divisions, continuations, or continuations-in-part based thereon or claiming priority thereto or the benefit thereof, or any substitutions of any such applications, or (c) any letters patent or patents for said inventions in any country or jurisdiction, including, without limitation, any modifications to such letters patent or patents such as through reissue, re-examination or other post-grant proceeding. For purposes of this paragraph, "procurement, maintenance, enforcement, defense" shall include, without limitation, any preparation, prosecution, pre-grant proceeding, and post-grant proceeding, whether before a patent office or other administrative body or judicial body with jurisdiction therefor.

4. Assignor hereby authorizes and requests the Commissioner for Patents in the United States to issue the above mentioned letters patents of the United States and any reissue, reexamination, review, or extension thereof to and in the name of Assignee as the assignee of said inventions and the letters patents to be issued thereon for the sole use of Assignee, its successors, legal representatives and assigns, and if applicable, foreign patent office officials in the respective foreign country or jurisdiction to issue the above mentioned letters patents or patents and any modifications to such letters patents or patents for their country or jurisdiction to Assignee as the assignee of said inventions and the letters patents or patents to be issued thereon for the sole use of Assignee, its successors, legal representatives and assigns.

5. Assignor hereby grants attorneys, all of Morrison & Foerster LLP (or as needed attorneys of the applicable country appointed and authorized by Morrison & Foerster LLP), the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark office or any foreign patent issuing authority for recordation of this document, including the power to insert on this assignment the application number and filing date of said application when known.

6. This assignment may be executed in one or more counterparts, with the same effect as if each signature were on the same document. Each counterpart so executed shall be deemed to be an original, and all such counterparts shall be construed together and shall constitute one agreement.

In witness whereby, executed by the undersigned on the date(s) opposite the undersigned name(s).
