ASSIGNMENT

In consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Luigi Maria Longo** ("Assignor") hereby sells and assigns to **Cassiopea SPA**, a corporation having a mailing address at Via Cristoforo, Colombo 1, 20020, Lainate (MI) ("Assignee"), Assignor's entire right, title and interest, including the right to sue for past infringement and to collect for all past, present and future damages, for the United States of America (as defined in 35 U.S.C. § 100) and throughout the world, in and to:

(a) any and all inventions described and/or claimed in U.S. Provisional Patent Appl. No. 62/182,988;

(b) in any and all U.S., foreign, and international applications that claim the benefit of U.S. Provisional Patent Appl. No. 62/182,988, as well as any continuing (continuation, divisional, or continuation-in-part) applications, reissues, extensions, renewals, reexaminations, Letters Patents (to the full extent of the term or terms for which Letters Patents issue), and Supplemental Protection Certificates, resulting from and/or claiming priority to any of the foregoing; and

(c) in any and all forms of intellectual and industrial property protection derivable from such patent applications, and that are derivable from any and all continuing applications, reissues, extensions, renewals and reexaminations of such patent application, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable;

all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

Assignor hereby agrees to execute all papers necessary in connection with the application(s) and any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.

Assignor hereby agrees to execute all papers necessary in connection with any interference or patent enforcement action (judicial or otherwise) related to the application(s) or any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue or reexamination application(s) thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference or patent enforcement action.

Assignor hereby represents that he/she has full right to convey the entire interest herein assigned, and that he/she has not executed, and will not execute, any agreement in conflict therewith.

The undersigned Assignor hereby grants the patent practitioners associated with **CUSTOMER NUMBER 26111** the power to insert in this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
