ASSIGNMENT

WHEREAS, Active Implants Corporation ("AIC") is the sole and exclusive owner of certain assets listed in Schedule 6.16 annexed hereto in the United States of America and in any and all countries foreign thereto; and

WHEREAS, Active Implants LLC, a Delaware limited liability corporation having a place of business at 6060 Primacy Parkway, Suite 460, Memphis, Tennessee 38119 ("AILLC"), is desirous of obtaining the entire right, title, and interest in, to and under the assets set forth, without limitation, in the Schedule 6.16 from AIC;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and consistent with the agreement between AIC and AILLC, effective as of August 29, 2013, AIC contributes all of AIC's right, title and interest in and to all assets, rights and properties of every nature, kind and description, whether tangible or intangible, owned, leased or licensed, real, personal or mixed use in or held for use in the Business (except for the Retained Assets) including, without limitation, those set forth in Schedule 6.16 to AILLC, its successors, legal representatives, and assigns including, without limitation:

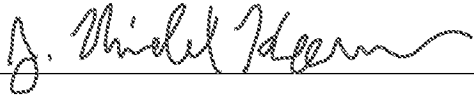

All patents, patent applications, divisional, renewal, substitutional, continuing applications, reissues, extensions, invention disclosures, trademarks, service marks, trade dress, logos, trade names, copyrights, art and mask works, and all registrations, applications and associated goodwill for each of the foregoing, including the right to collect past damages, whether specifically identified in the Schedule 6.16 or not, and all computer software, computer programs, computer data bases and related documentation and materials, data, documentation, trade secrets, confidential business information (including ideas, formulas, compositions, inventions, know-how, manufacturing and production processes and techniques, molds, prototypes, research and development information, drawings, designs, plans, proposals and technical data, financial, marketing and business data, clinical study designs, clinical study results, wear test data, animal study data, customer and supplier data, pricing and cost information) and other intellectual property rights (in whatever form or medium) owned or licensed by AIC relating to the Business in all locations in the United States and all foreign countries (collectively, the "***Intellectual Property***").

AIC hereby authorizes and requests the Commissioner of Patents of the United States of America, and any official of any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, to issue any and all Letters Patent for said inventions, patent applications, divisionals, renewals, substitutionals, continuing applications, reissues, extensions, and trademarks to AILLC, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND AIC HEREBY covenants that AIC has full right to convey the entire interest herein assigned, and that AIC has not executed, and will not execute, any agreement in conflict herewith.

IN WITNESS WHEREOF, AIC has executed this Assignment by its duly authorized representative.
