ASSIGNMENT

WHEREAS, I, Michael R. Hyman, of Raleigh, North Carolina, along with others, have invented a certain invention as described in the following patent applications:

U.S. Provisional Patent Application No. 62/770,554, filed on November 21, 2018, entitled "BIOREMEDIATION PROCESS USING SLOW RELEASE CO-METABOLISM SUBSTRATES," and

U.S. Patent Application No. 16/689,978, filed on November 20, 2019, entitled "BIOREMEDIATION USING CO-METABOLISM SUBSTRATES,"

which applications are collectively referred to as "the patent applications."

WHEREAS, North Carolina State University, a university organized under the laws of the State of North Carolina, having a place of business at 1021 Main Campus Drive, Raleigh, North Carolina, 27606, desires to acquire an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I, Michael R. Hyman, hereby sell, assign and transfer to North Carolina State University, the full and exclusive right, title and interest in and to the invention, the patent applications and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; the invention, the patent applications and letters patent in this or any foreign country, and all corresponding non-provisional applications, divisions, continuations, continuations-in-part, reissues and extensions thereof, to be held and enjoyed by North Carolina State University, for its own use and benefit, and for its successors and assigns, to the full end of the term for which letters patent may be granted by the United States or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that I have full right so to do, and agree that I will communicate to North Carolina State University, or its successors and assigns, any facts known to me respecting the invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid North Carolina State University, and its successors and assigns, to obtain and enforce proper patent protection for the invention in the United States or any foreign country.

I confirm that at the time the invention was made, I was under an obligation to assign the invention to North Carolina State University.

I hereby grant the law firm of Klarquist Sparkman, LLP, the power to insert on this Assignment any further information which may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.

Executed at the place and date opposite my signature below.

At Raleigh, North Carolina 
(City and State)
on this 12 day of September 2023.
