INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this “*Assignment*”) is made as of October 1, 2023 (the “*Effective Date*”) by and between (i) on the one hand, Olin Winchester LLC, a Delaware limited liability company (“*Buyer*”), and (ii) on the other hand, White Flyer Targets, LLC, a Delaware limited liability company (“*Seller*”).

WHEREAS, Reagent Diversified Holdings, Inc., a Delaware corporation, Seller and Buyer are parties to an Asset Purchase Agreement, dated as of the date hereof (the “*Purchase Agreement*”); and

WHEREAS, pursuant to the terms of the Purchase Agreement, Seller has agreed to convey, assign, transfer, and deliver to Buyer, among other assets, all of the Intellectual Property Assets owned or controlled by Seller used or useful in the operation of the Business and has agreed to execute and deliver this Assignment.

NOW, THEREFORE, the parties agree as follows:

1. **Definitions**. Capitalized terms not defined herein are to be given their meanings as set forth in the Purchase Agreement.

2. **Assignment**. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller agrees to assign and does hereby irrevocably assign, grant, convey and transfer to Buyer, and Buyer hereby accepts, all of Seller’s right, title and interest in and to all Intellectual Property Assets (exclusive of any Intellectual Property Assets included within Excluded Assets), including, but not limited to, those items set forth below (collectively, the “*Assigned Intellectual Property*”):

(a) the patents and applications and all other corresponding rights at common law or otherwise, set forth on **Schedule I** hereto and all issuances, extensions, renewals and all reissues, reexaminations, divisions, renewals, extensions, provisionals, continuations and continuations-in-part thereof (“*Patents*”);

(b) the trademark registrations and applications and all other corresponding rights at common law or otherwise, set forth on **Schedule II** hereto and all issuances, extensions, and renewals thereof (the “*Trademarks*”), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(c) the copyright registrations, applications for registration, and exclusive copyright licenses set forth on **Schedule III** hereto and all issuances, extensions, and renewals thereof (the “*Copyrights*”);

(d) the Domain Names set forth on **Schedule IV** hereto (the “*Domain Names*”), and Seller will take such steps as are reasonably necessary to transfer the Domain Names to Buyer, including (i) unlocking the domain with the applicable registrar, (ii) obtaining an authorization code for the transfer of the Domain Names from the applicable registrar, and (iii) notifying Buyer

of the completion of part (i) and (ii) and providing such authorization code to Buyer (“*Initiation Notification*”). Buyer shall promptly complete the transfer upon its receipt of the Initiation Notification.

(e) all user names, passwords, login details, identities, hashtags, handles, and other user or account credentials for all social media accounts, including but not limited to, those set forth on **Schedule V** hereto (the “*Social Media Accounts*”);

(f) all rights of any kind whatsoever of Seller accruing under any of the Assigned Intellectual Property provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(g) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the Assigned Intellectual Property; and

(h) any and all claims and causes of action with respect to any of the Assigned Intellectual Property, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

3. Terms of the Purchase Agreement. The parties hereto acknowledge and agree that this Assignment is entered into pursuant to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Buyer with respect to the Assigned Intellectual Property. The representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

4. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment upon request by Buyer. Seller further covenants that from time to time after the Effective Date, Seller will do such further acts and execute and deliver such further documents regarding its obligations hereunder as may be required for the purpose of accomplishing this Assignment.
