CONFIRMATORY ASSIGNMENT
Effective 15 September 2023

WHEREAS,

**ONESUBSEA PROCESSINGS AS, a company formerly doing business as FRAMO
ENGINEERING AS**

Company of: Norway

Located at: Sandslikroken 140, Bergen, 5862, Norway

Hereinafter together referred to as the "Assignor" is, together with Schlumberger Technology Corporation, a record owner of the invention described and set forth in the patent identified on the attached Schedule A ("Patent") and/or of the referred rights set forth in the trademarks included in such Schedule A ("Trademark").

WHEREAS,

SCHLUMBERGER TECHNOLOGY CORPORATION

Company of: Texas, Unites States of America

Located at: 300 Schlumberger Drive, Sugar Land, TX 77478 U.S.A.

Hereinafter referred to as the "Assignee" is desirous of acquiring entire interest in the Patents and Trademarks specified in Schedule A for the countries set forth in such Schedule A.

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents does assign effective as of the date first stated above, to Assignee all right, title and interest in and to the Patents and Trademarks and to all foreign counterparts (including patent, trademark, utility model and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on the same in all countries throughout the world, and to claim the priority from the Patents and the Trademarks as provided by the Paris Convention. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this confirmatory assignment ("Confirmatory Assignment") not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof. This Confirmatory Assignment is made on an "as is" basis, without any representation or warranty. This Confirmatory Assignment is being made with the understanding of, and expressly relies on, that Assignee agrees to indemnify and hold harmless the Assignor for any and all matters relating to this Assignment, including but not limited to matters related to the right or title of the items subject to this Confirmatory Assignment. Assignor further agrees that it will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of patent applications and foreign counterparts on the Patents and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the Patents and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

This Confirmatory Assignment shall be effective as of 15 September 2023.

IN WITNESS WHEREOF, ASSIGNOR hereunto sets their hand and seal, intending to be legally bound.
