PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (the "Patent Assignment"), effective the date of execution, is by and between SOFTPAWS, INC., a corporation, created and existing under and by virtue of the laws of the State of Louisiana, having an address of 105 Copper Junction, Lafayette, Louisiana 70508, U.S. ("ASSIGNOR"), and SMARTHEALTH, INC., a corporation, created and existing under and by virtue of the laws of the State of Arizona, having an address of 3400 E. McDowell Road, Phoenix, Arizona 85008, U.S. ("ASSIGNEE").

WHEREAS, ASSIGNOR is the owner by Assignment from inventor Toby Wexler of the inventions, United States Letters Patents, and the applications for United States Letters Patent set forth in the Patents Table below; and

WHEREAS, ASSIGNEE is desirous of acquiring the entire right, title and interest in and to the aforesaid inventions, United States Letters Patents, and the applications for United States Letters Patent in the United States and all other countries throughout the world and in and to any patents that may result from such applications, and in and to any other protectable aspects of the inventions on which such patents or patent applications are based, and in and to any other patents or patent applications related to any protectable aspects of the inventions on which such patents are based;

secure a reissue of such Letters Patents, or to file a disclaimer relating thereto, ASSIGNOR will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional, continuation, or continuation-in-part application, or such application for reissue and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of ASSIGNEE, its successors, or other legal representatives.

And ASSIGNOR does further covenant and agree that it will, at any time upon request, communicate to ASSIGNEE, its successors, assigns or other legal representatives, such facts relating to said inventions and Letters Patents or the file history thereof as may be known to ASSIGNOR, and testify as to the same in any interference or other litigation when requested so to do, without further compensation but at the expense of ASSIGNEE, its successors, or other legal representatives.

Accrued Enforcement Rights. ASSIGNOR further sells, assigns, transfers and sets over and contributes to ASSIGNEE the right of enforcement of the patent rights assigned hereunder for any and all claims of past, present, and future infringement and any relief resulting from such claims, including both equitable and monetary relief, in forms including but not limited to injunctions, damages, and royalties.

Further Assurances. ASSIGNOR shall provide ASSIGNEE, its successors, assigns or other legal representatives, cooperation and assistance at ASSIGNEE's reasonable request and expense, such assistance including (a) making available technical information and know how relating to any patent or patent application listed in the table set forth herein; and (b) the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation as may be reasonably required: in the preparation, prosecution and/or maintenance of any applications for patents or registration of the intellectual property assigned pursuant to this Patent Assignment; in the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the intellectual property assigned pursuant to this Patent Assignment; and in the implementation or perfection of this Patent Assignment.

Counterparts. This Patent Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Patent Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Patent Assignment.

Successors and Assigns. This Patent Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
