ASSIGNMENT

WHEREAS, We, Kiran Muggulla, James Novak, Todd Breuer, Justin Kuehn and Randall Boucher, have invented certain improvements in an invention titled:

**TESTABLE TERMINATION FITTING**

as described and/or claimed, at least in part, in Patent Application Serial No. 17/494,756, filed October 5, 2021;

WHEREAS, Franklin Fueling Systems, LLC, a corporation organized and existing under the laws of the State of Indiana, having its principal place of business at 3760 Marsh Road, Madison, Wisconsin 53718, is to acquire the entire right, title and interest in and to said invention and said applications;

NOW, THEREFORE, in consideration of the sum of ONE DOLLAR (\$1.00), and for other good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged, we do hereby assign, sell, transfer and set over unto said Franklin Fueling Systems, LLC, Inc., its successors and assigns, the full, entire and exclusive right, title and interest, worldwide, in and to said invention, as described in the application identified above, any improvements to said invention, said application, any and all priority rights in and to said application, any application claiming the priority thereof, including any divisions or continuations or continuations-in-part thereof or substitutes therefor which may be filed, and in and to any patents or reissues, renewals or extensions thereof which may be granted on said applications or for said invention, in the United States of America and any countries foreign to the United States of America, said invention, applications, and patents to be held and enjoyed by said Franklin Fueling Systems, LLC, and its successors or assigns, to the full end of the term or terms for which said patent may be granted, as fully and entirely as the same would have been held by us had this assignment not been made.

We hereby authorize and request the Patent and Trademark Office officials in the United States of America and the Patent Office officials of any and all foreign countries to issue any and all of said patents, when granted, to said Franklin Fueling Systems, LLC, as the assignee of our entire right, title and interest in and to the same for the sole use and enjoyment of said Franklin Fueling Systems, LLC, its successors and assigns.

Further, we agree to execute all papers and to give such lawful testimony and to perform such other lawful acts as said Franklin Fueling Systems, LLC, its successors and assigns, may require to enable it or them to perfect the rights granted above, and to procure, hold, defend, enforce, and/or convey, the aforementioned invention, applications and patents in the United States of America and/or in any foreign country.
