## **ASSIGNMENT OF PATENT**

WHEREAS, iScope Optics, LLC a Missouri limited liability company having its registered office located at 998 Trailridge Drive, Jackson, Missouri, 63775, hereinafter referred to as "Assignor" or "Owner", is the owner of record of the following United States patent:

Title of Patent: Optical Phone Mount

\*Patent No.: D771,732 and

\*Grant Date: November 15, 2016.

(Data not known at execution of this agreement may be added for better identification.)

WHEREAS, Assignor affirmatively states, represents and admits that it has full right to convey the entire right, title and interest herein assigned, and that it has not executed and will not execute any agreements in conflict herewith; and

WHEREAS, Alan Chandler, a citizen of United State of America and resident of the State of Kentucky, hereinafter referred to as "Assignee" is desirous of acquiring the entire right, title and interest in and to the above-entitled patent, and to any corresponding applications for patent, and to any Letters Patent that may be granted thereon in the United State and in any and all foreign countries.

WHEREAS, while this document sets forth a formal transfer date as the execution date hereof, iScope Optics, LLC has, in fact, previously agreed to assign the above entitled patent as early as October 22, 2022, but the prior assignment was not recorded;

NOW, THEREFORE, in consideration of One Dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, Owner, by these presents, have sold, assigned and transferred, and do hereby sell, assign and transfer unto Assignee the full and exclusive right, title and interest, both legal and equitable, for all

countries including the United State, its Territories, and Possessions, in and to the invention and improvements thereof disclosed in the above entitled patent, including all applications for patent, and all Letters Patent, reissues or reexaminations issuing thereon, and any continuation, continuation in part, or division of said application and any reissue or extension of said Letters Patent, any of which may be granted therefrom in any and all countries; further including any and all applications which have been filed or shall be filed in any foreign countries for Letters Patent on the inventions and improvements, including an assignment of all rights under the provisions of the International Convention, and all Letters Patent of foreign Countries which may be granted therefrom; the same to be held and enjoyed by Assignee for his own sole use and behoof, and for the use and behoof of his successors, assigns, or other legal representatives, to the full end of the term or terms for which said Letters Patent are granted or reissued as fully and entirely as the same would have been held by Owner had this assignment and sale not been made; together with all claims for damages, with the right to sue for, and collect the same; and I do hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United State Letters Patent for the aforesaid inventions and improvements to the Assignee as the assignee of the entire right, title and interest in and to the same, for the use of the Assignee, its successors and assigns.

FURTHER, for good and valuable consideration, the receipt of which is hereby acknowledged, iScope Optics, LLC does hereby assign unto Alan Chandler, Nunc Pro Tunc as of October 18, 2022, all right, title and interest in and to the Invention, and all patent applications and issued patents granted therefrom, including U.S. Patent No. D771,732;

FURTHER, Owner hereby represents, warrants and covenants that no assignment, license, transfer, conveyance or agreement for any of the foregoing have been made affecting, including or involving any rights or ownership interest in the same; and

FURTHER, Owner agrees to provide any further information within my knowledge, and to execute any further documents necessary to the prosecution of patent applications on the invention, the prosecution and settlement of interferences, and recording of title to patent, patent applications and patents issuing thereon.

IN WITNESS WHEREOF, Terry Hill on behalf of iScope Optics, LLC has executed this Assignment this 19 day of October, 2023.
