(a) in the invention(s) known as **Template-Based Excerpting and Rendering of Multimedia Performance** for which application(s) for patent in the United States of America has a filing date or a 371(c) date of June 12, 2019 (also known as United States Application No. 16/509,688), in any and all applications thereon, in any and all Letters Patent(s) therefor, and

all such rights, title, and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the undersigned inventors had this assignment and sale not been made.

The undersigned inventors agree to execute all papers necessary in connection with the application(s) and any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.
