ASSIGNMENT

WHEREAS, HSB Solomon Associates, LLC, a Delaware limited liability company whose mailing address is 13455 Noel Road, Suite 1500, Two Galleria Tower, Dallas, Texas 75240, is the assignee of the non-provisional patent application for United States Letters Patent, Serial No. 13/213,780, filed August 19, 2011 and International Patent Application No. PCT/US2012/051390 filed August 17, 2012, both entitled "Dynamic Outlier Bias Reduction System and Method"; and

WHEREAS, Hartford Steam Boiler Inspection & Insurance Company, a Delaware Corporation whose mailing address is One State Street, Hartford, Connecticut 06102, desires to acquire the entire right, title and interest in the non-provisional patent application for United States Letters Patent, Serial No. 13/213,780, filed August 19, 2011 and International Patent Application No. PCT/US2012/051390 filed August 17, 2012, both entitled "Dynamic Outlier Bias Reduction System and Method."

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, the undersigned, HSB Solomon Associates, LLC, does hereby:

SELL, ASSIGN AND TRANSFER to Hartford Steam Boiler Inspection & Insurance Company, a Delaware Corporation, having a place of business at One State Street, Hartford, Connecticut 06102 (hereinafter the "Assignee"), the entire right, title and interest for the United States and all foreign countries, in and to any and all improvements and inventions which are disclosed in the non-provisional patent application for United States Letters Patent, Serial No. 13/213,780, filed August 19, 2011, and International Patent Application No. PCT/US2012/051390 filed August 17, 2012 both entitled "Dynamic Outlier Bias Reduction System and Method"; such application and all provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, reissue and all other applications for patent which have been or shall be filed in the United States and all foreign countries corresponding or relating to such application or to any of such improvements and inventions; all original and reissued patents which have been or shall be issued in the United States and all foreign countries corresponding or relating to such application or to such improvements and inventions; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted to the Assignee;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned;

COVENANT that, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements and inventions; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the undersigned relating to the subject matter of such applications or to such improvements and inventions and the history thereof; and generally do everything possible which the Assignee shall consider desirable for securing, maintaining and enforcing proper patent protection for the subject matter of such applications or to such improvements and inventions and for vesting title to the patent applications or to such improvements and inventions in the Assignee;

TO BE BINDING on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of the Assignee.
