## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This **INTELLECTUAL PROPERTY SECURITY AGREEMENT** (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “**IP Security Agreement**”) dated August 7, 2023, is among the Persons listed on the signature pages hereof (collectively, the “**Grantors**”) and TCG Senior Funding L.L.C., as Collateral Agent for the Secured Parties (as defined in the Credit Agreement referred to below).

**WHEREAS**, reference is made to that certain (i) Credit Agreement, dated as of July 24, 2023 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “**Credit Agreement**”), among iRobot Corporation, a Delaware corporation (the “**Borrower**”), each lender from time to time party thereto (collectively, the “**Lenders**” and individually, a “**Lender**”) and TCG Senior Funding L.L.C. (“**TCG**”), as Administrative Agent and Collateral Agent, and (ii) Security Agreement, dated as of July 24, 2023 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”), among the Grantors from time to time party thereto and the Collateral Agent. Capitalized terms defined in the Credit Agreement or the Security Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement or the Security Agreement (and in the event of a conflict, the applicable definition shall be the one given to such term in the Security Agreement).

**WHEREAS**, under the terms of the Security Agreement, the Grantors have granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed thereunder to execute this IP Security Agreement for recording with the USPTO and/or the USCO, as applicable.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

A. Grant of Security. As security for the payment or performance, as the case may be, in full of the Secured Obligations, each Grantor hereby collaterally assigns and pledges to the Collateral Agent, for the benefit of the Secured Parties, and each Grantor hereby grants to the Collateral Agent, for the benefit of the Secured Parties, a security interest in and continuing lien on all of such Grantor’s right, title and interest in and to the following, whether now owned or hereafter acquired by such Grantor (the “**Collateral**”):

a. all patents, patent applications, utility models, statutory invention registrations and all inventions and designs claimed therein and all improvements thereto, including those patents and patent applications set forth in Schedule A hereto;

b. all trademarks, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, corporate names and other source identifiers, whether registered or unregistered (“**Trademarks**”), including those Trademark registrations and applications set forth in Schedule B hereto, together with the goodwill symbolized thereby;

c. all copyrights and all mask works and industrial designs, whether registered or unregistered (“**Copyrights**”), including, without limitation, the Copyright registrations and applications and exclusive Copyright licenses set forth in Schedule C hereto;

d. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or

conventions and all other rights, priorities and privileges arising under or pertaining to any of the foregoing throughout the world;

e. all rights to sue or otherwise recover for any past, present and future infringement, dilution, misappropriation, or other violations or impairments of any of the foregoing; and

f. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and Supporting Obligations relating to, any and all of the Additional Collateral, and, to the extent not otherwise included, all payments under insurance covering any Additional Collateral (whether or not the Collateral Agent is the loss payee thereof), or any indemnity, warranty or guaranty, payable by reason of loss or damage to or otherwise with respect to any of the foregoing Additional Collateral; provided that notwithstanding anything to the contrary contained in the foregoing clauses (a) through (e), the security interest created hereby shall not extend to, and the term "Additional Collateral" shall not include (i) any "intent-to-use" Trademark applications prior to the filing and acceptance of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, solely to the extent, if any, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration issuing from such "intent-to-use" application under applicable federal law, or (ii) any other Excluded Property.

B. Security for Obligations. The grant of a security interest in, the Collateral by each Grantor under this IP Security Agreement secures the payment of all Secured Obligations of such Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, restated, amended and restated, supplemented or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)). Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations that would be owed by such Grantor to any Secured Party under the Secured Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, or reorganization or similar proceeding involving a Loan Party.

C. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks record this IP Security Agreement.

D. Execution in Counterparts; Electronic Execution. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. The words "execution", "signed", "signature", and words of like import in this IP Security Agreement or any amendment or other modification hereof shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

E. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

F. Governing Law; Jurisdiction. THIS IP SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO THE CONFLICTS OF LAWS PRINCIPLES THEREOF, BUT INCLUDING SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW. SECTION 10.15(b) (*SUBMISSION TO JURISDICTION*), SECTION 10.15(c) (*WAIVER OF VENUE*), SECTION 10.16 (*SERVICE OF PROCESS*) AND SECTION 10.17 (*WAIVER OF RIGHT TO TRIAL BY JURY*) OF THE CREDIT AGREEMENT ARE HEREBY INCORPORATED BY REFERENCE, *MUTATIS MUTANDIS*.
