ASSIGNMENT

WHEREAS, Georg GOTTLOB (hereinafter the "Assignor") has invented certain new and useful invention(s) (hereinafter, the "Invention") having been described in a patent application entitled:

“ASSOCIATION-RULE BASED DATA OUTLIER DETECTION AND RECORD
COMPLETION SYSTEM AND METHOD”

which application he has reviewed and approved for filing with the United States Patent and Trademark Office, and for which application they have executed, and/or hereby agree to execute, declarations to be filed in the United States Patent and Trademark Office, and which application is identified in the United States Patent and Trademark Office as Serial No. 18/132,141, filed April 7, 2023 (hereinafter, the “Application”)

The Assignor authorizes Assignee’s attorney to complete the Serial Number and filing date when known; and

WHEREAS, Ratiolytics Limited, a company having offices at Arch. Makarios III Ave. 1-7, Mitsi Building 3, Office 306, Nicosia 1065, Cyprus ("Assignee"), is desirous of acquiring the entire, right, title and interest in and to the Invention, the Application, and any and all Letters Patent or similar legal protection, foreign or domestic, to be obtained thereof and therefrom;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to the Assignor in hand paid, and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor transfer to Assignee, its successors and assigns, their entire rights, title and interest in and to the Invention, the Application, corresponding domestic and foreign patent applications, including any and all divisions and continuations thereof and patent applications anywhere in the world claiming priority thereto (the Application and such corresponding applications together referred to herein as the “Applications”), all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention;

Assignor authorizes the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection for the Invention and any aspect(s) thereof, in its own name if desired, in any and all foreign countries;

Assignor represents to the Assignee, its successors and assigns, that they have full right to convey the entire interest herein assigned, and that they have not and shall not execute any

writing or do any act whatsoever conflicting with this Assignment;

Assignor, and their executors or administrators, covenant and agree that they will at any time upon request, without additional consideration, but at the expense of the Assignee, its successors and assigns, communicate to the said Assignee, its successors and assigns, any facts known respecting said Invention, testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, execute such additional writings and do such additional acts as the Assignee, or its successors and assigns, may deem desirable to perfect its enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing all letters Patent or other legal protection for the Invention in any and all countries; and

Assignor authorizes and request any Official of Office of any country, countries, region, or jurisdiction in which any of the Applications were or will be filed whose duty is to issue patents or other evidence or forms of industrial or intellectual property, to issue the same to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

Assignee hereby accepts the assignment.

This Assignment may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.
