## PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement (this “**Assignment**”), dated as of December 31, 2022, by and between Stackery, Inc., a Delaware corporation (the “**Assignor**”), and Chase Douglas (“**Assignee**”).

WHEREAS, Assignor is the owner of said Patents, and is the owner of record of including the patents, patent applications, and inventions described and claimed in said patents and patent applications listed in the attached Schedule A (collectively, the “**Patents**”); and

WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in and to said Patents, including any and all applications, letters patent and registrations that may be filed or granted for said Patents in the United States and throughout the world.

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor hereby sells, assigns and transfers to Assignee, the entire right, title and interest in and to said Patents, including any and all applications, letters patent and registrations that may be filed or granted for said Patents in the United States and its territorial possessions and throughout the world, and any and all divisions, reissues, continuations and extensions thereof, together with all rights of Assignor associated with said Patents, including the right to file additional applications for said Patents directly in the name of Assignee and to claim priority rights deriving from said Patents by virtue of international convention, treaty or otherwise.

2. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all letters patent on said Patents or resulting from any applications related to said Patents to Assignee. Assignor agrees to execute all instruments and documents required for the making and prosecution of applications for letters patent on said Patents, for litigation regarding said Patents, or for the purpose of protection title to said Patents.
