WHEREAS, the undersigned:

Samer BIZRI
Residing in: New York, NY
Mailing Address: 33 West 60th Street, 2nd
Floor, Lib 2-5, New York, NY 10023

(hereinafter "Inventor(s)), have invented certain new and useful improvements in

SYSTEM AND METHOD OF OFFSETTING INVOICE OBLIGATIONS

☒ for which an application for United States Patent was filed on August 8, 2008, Application No. **12/188,875**, claiming priority to provisional patent application **60/955,364** filed August 12, 2007. (hereinafter "Application(s)"). The term Application(s) also includes all patent applications that share priority with or claim priority to or from this application.

WHEREAS, the Inventor(s) desire to assign the entire right, title and interest in and to the Application(s) and the inventions and designs disclosed therein, and in and to all embodiments of the inventions and designs, heretofore conceived, made or discovered, whether jointly or severally, by said Inventor(s) (hereinafter collectively referred to as "Inventions").

WHEREAS, **ZECONOMY, INC.**, a Delaware corporation, having a place of business at 33 West 60th Street, 2nd Floor, Lib 2-5, New York, NY 10023, (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest in and to said Application(s) and the inventions and designs disclosed therein, and in and to all embodiments of the inventions and designs, heretofore conceived, made or discovered, whether jointly or severally, by said Inventor(s) (hereinafter collectively referred to as "Inventions"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter "Patent(s)") thereon granted in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventor(s) to have been received in full from said Assignee:

1. Said Inventor(s) do hereby sell, assign, transfer and convey unto said Assignee the entire right, title and interest (a) in and to said Inventions, including the right to claim priority to said Inventions; (b) in and to all rights to all United States and corresponding non-United States patent applications and Patent(s), including those filed under the Paris Convention for the Protection of Industrial Property, The Patent Cooperation Treaty, the Hague System for International Registration of Industrial Design, or otherwise; (c) in and to any and all applications filed and any and all Patent(s) granted on said Inventions in the United States, in any foreign country, or under any international convention, agreement, protocol, or treaty, including each and every application filed and any and all Patent(s) granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said Application(s); and (d) in and to each and every reissue, reexamination, or extensions of any of said Patent(s).

2. Said Inventor(s) hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty. Such cooperation by said Inventor(s) shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any applications covering said Inventions; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Inventions; (d) for filing and prosecuting applications for reissuance of any said Patent(s); (e) for interference or other priority proceedings involving said Inventions; and (f) for legal proceedings involving said Inventions and any applications therefor and any Patent(s) granted thereon, including without limitation reissues and reexaminations, opposition proceedings, post grant proceedings, *inter partes* review proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor(s) in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor(s), their respective heirs, legal representatives and assigns.

4. Said Inventor(s) hereby warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. Said Inventor(s) hereby request that any Patent(s) issuing in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty, be issued in the name of the Assignee, or its successors and assigns, for the sole use of said Assignee, its successors, legal representatives and assigns.

6. This Patent Assignment will be interpreted and construed in according with the laws of the State of New York without regard to conflict of law principles.

7. If any provision of this Patent Assignment is found to be illegal or unenforceable, the other provisions shall remain effective and enforceable to the greatest extent permitted by law.

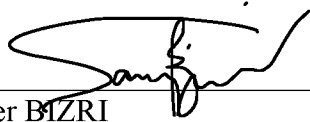

8. The modification or deletion of any provision in one jurisdiction shall have no effect on this Patent Assignment in any other jurisdiction.

9. This Patent Assignment may be executed in counterparts, each of which is deemed an original, but all of which together constitute one and the same agreement.
