ASSIGNMENT OF PATENTS

This assignment of patents ("the Assignment") is made and entered into as of the 31 day of October, 2023, between VanJee Technology Co., Ltd of Zone A, Building 12, Zhongguancun Software Park, Haidian District, Beijing 100193, China ("Assignor"), and Wuhan VanJee Optoelectronic Technology Co., Ltd. of 7th Floor, Building 3, Phase II, Modern Service Industry Demonstration Base, Huazhong University of Science and Technology Science Park, Guandong Street, Wuhan East Lake New Technology Development Zone ("Assignee").

WHEREAS, Assignor owns all right, title and interest and related know-how in the subject matters disclosed and claimed in the patent applications listed in **APPENDIX A** (hereinafter "the Patent Application"), and in consideration of the payment of 10 U.S. dollar(s), as well as other good and valuable consideration, the adequacy and receipt of which is hereby acknowledged by the Assignor, the Assignor hereby sells, assigns and transfers to Assignee the entire, full and exclusive right, title and interest to the Patent Applications and the new and useful improvements described therein and any intellectual property rights to be obtained therefor on said applications and for any subsequent patent applications related thereto, whether or not patentable, for China and all countries foreign to China, including in all jurisdictions of the world, including the right to file foreign patent applications directly in the name of the Assignee in countries where such procedure is proper and to claim any priority right under any relevant International Convention or other agreement. Assignor further sells, assigns and transfers to Assignee all rights to bring suit and collect damages for all past, present, and future infringements.

Assignor further agrees to execute all papers and do all lawful acts necessary in connection with the Patent Application and any intellectual property rights to be obtained therefor on said application or any subsequent patent application related thereto, and also to execute any separate assignment in connection with such application as the Assignee may deem necessary or expedient.

Assignor further agrees to execute all papers necessary in connection with any litigation or other governmental, statutory or legal proceedings which may commence or be declared concerning the Priority Application and any intellectual property rights to be obtained therefor on said application or any subsequent patent application related thereto, and to cooperate with the Assignee in every way possible in obtaining and producing evidence and proceeding with any such litigation or other governmental, statutory or legal proceeding.

This Assignment may be executed in two or more counterparts, each of
