GLOBAL GENERAL ASSIGNMENT

WHEREAS IFS Industries, Inc. ("IFS") declares that it is the sole/joint owner of certain invention(s), as set forth in the patent applications of APPENDIX A (and any resulting industrial designs and/or utility models), whether claimed or unclaimed. IFS grants the hereinafter named assignee and/or any person authorized thereby, the power to insert in this document, the serial number(s) and filing date(s) of each application identified in APPENDIX A.

Regarding the patent applications of APPENDIX A, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, IFS assigns to The Procter & Gamble Company ("P&G"), its legal representatives, successors and assigns, its entire right, title, and interest owned by IFS and its affiliates, in the United States and throughout the world, in, to and under said invention(s) set forth in said patent applications of APPENDIX A and all patents, patent applications, patent rights, and inventor's certificates thereof, therefore, and therein, including without limitation said application, all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all patents which may be granted for said invention(s) by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefore (including the right to claim priority of the filing date of said application in the United States and/or under international conventions), as fully and completely as the same would have been held by IFS had this assignment not been made. The entire right, title and interest owned by IFS shall vest irrevocably in P&G. IFS further agrees to, without additional compensation, but at no expense to IFS, execute or assent to any and all applications for said invention(s), assist P&G in obtaining signatures for any applications or any other legal documents as may be necessary or desirable to vest and maintain the enjoyment of the rights assigned, and to cooperate with P&G, its legal representatives, successors and assigns, or as P&G may direct, in any pre-grant, post-grant or other proceedings relating to the rights assigned herein.

IFS requests and authorizes the Commissioner of Patents and Trademarks and/or appropriately empowered officials of foreign countries to issue any and all Patent(s) and/or letters patent(s) which may be granted for said invention(s) herein assigned and as set forth in the patent applications of APPENDIX A to P&G, its legal representatives, successors or assigns, as assignee of IFS' entire right, title, and interest in said Patent(s).

I/We agree that this GLOBAL GENERAL ASSIGNMENT will be governed by the laws of the State of Ohio, United States of America, applicable to contracts made and performed entirely in such state, without regard to any principle of conflict or choice of laws that would cause the application of the laws of any other jurisdiction.

I/We agree that this GLOBAL GENERAL ASSIGNMENT and any other documents to be delivered in connection herewith may be electronically signed, and that any electronic signatures appearing on this GLOBAL GENERAL ASSIGNMENT or such other documents are the same as handwritten signatures for the purposes of validity, enforceability, and admissibility. A facsimile or .pdf copy of a signature of a party will have the same effect and validity as an original signature.

This GLOBAL GENERAL ASSIGNMENT is effective as of the earlier of 1) the date of execution shown below, or 2) the filing date of the first-filed of said patent application(s) of APPENDIX A.
