ASSIGNMENT

FOR GOOD AND VALUABLE CONSIDERATION delivered to me by **J. RUSSELL CONSULTING, INC.**, the receipt and sufficiency of which are hereby acknowledged, I, **JASON RUSSELL** of address 406 Berwick Way, Melbourne, Florida, 32940 U.S.A. ("**ASSIGNOR**"), having made an invention in **MODULAR AIRFOIL SYSTEM**, do hereby **ASSIGN, SELL** and **CONVEY** to **J. RUSSELL CONSULTING, INC.** doing business or located at 406 Berwick Way, Melbourne, Florida, 32940 U.S.A. and its/their successors and assigns (collectively, "**ASSIGNEE**"), the entire right, title and interest throughout the world in and to:

1. The invention titled "**MODULAR AIRFOIL SYSTEM**" (the "**Invention**");
2. United States of America patent application on said Invention, Application No. 18/111,856 filed February 20, 2023, titled "**MODULAR AIRFOIL SYSTEM**" including all inventions therein shown and described, without limitation, which is further included in the definition of "**Invention**";
3. All applications for patent or like protection on said Invention that have been or may in the future be made by me or my legal representatives, including any divisional patent application(s), continuation patent application(s), continuation-in-part patent application(s) and any other utility patent application(s) that may be based on or claim priority to this invention, whether in the United States of America or any other place anywhere in the world, including all inventions therein shown and described, without limitation, which is further included in the definition of "**Invention**";
4. All patents and like protection that have been or may in the future be granted on said Invention to me or my legal representatives, whether in the United States of America or in any other country or place anywhere in the world, including all inventions therein shown and described, without limitation, which are further included in the definition of "**Invention**";
5. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws and statutes, worldwide, including all inventions therein shown and described, without limitation, which are further included in the definition of "**Invention**";
6. All rights of action on account of past, present and future unauthorized use of said Invention and for infringement of the patents assigned hereby and like protection, worldwide, without limitation;

7. The right in ASSIGNEE to file in its name applications for patents and like protection for said Invention anywhere in the world, without limitation; and
8. All international rights of priority associated with said Invention, applications, patents and like protection, worldwide, without limitation;

and I covenant that I, my heirs, legal representatives, assigns, administrators, and executors, will, at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns the full benefit of this Assignment.
