ASSIGNMENT

For valuable and sufficient consideration from Johnson Controls Technology Company (hereinafter referred to as "Assignee"), a Michigan corporation having its principal place of business at 5757 North Green Bay Avenue, Milwaukee, WI 53209, receipt of such consideration being hereby acknowledged, I/we,

Jason D. Fuhr

of

Sussex, WI 53089

hereby sell and assign and convey unto Assignee, its successors and assigns, my/our entire right, title and interest:

(1) in and to an invention entitled " _____ " for which I/we have executed a PCT Patent Application and/or United States Patent Application on even date herewith or filed on _____, which received Application No(s). _____ and, if applicable, which claims the benefit of United States Provisional Application No(s). _____ filed on _____; and

(2) in and to an invention entitled "CAP FOR BATTERY TERMINAL" for which I/we previously filed United States Provisional Application No. 62/638,641 filed on March 5, 2018; and

(3) in and to said PCT Patent Application, United States Patent Application and/or United States Provisional Application(s) and in and to all other patent applications now or hereafter filed in the United States and countries foreign to the United States (including divisional, continuation, reexamination, and reissue applications, and legal equivalents thereof) based upon said invention, and in and to the patent or patents granted thereon or issued therefrom, including reissues or the like thereof, if any, to the full end of the term or terms for which said patent or patents may be granted or issued.

I/we authorize and request that any attorney associated with **PTO Customer No. 15602** may insert additional information identifying said PCT Patent Application, United States Patent Application and/or United States Provisional Application(s) after execution of this agreement.

I/we believe the named inventor(s) or joint inventor(s) to be the original inventor or original joint inventors of a claimed invention in the Application.

The Application is/was made or is/was authorized to be made by me/us.

I/we agree that any patent applications of any countries foreign to the United States which may be filed under any applicable international treaties and/or conventions based upon said invention(s) shall be filed in the name of Assignee with the right to claim priority to any earlier filed applications based upon said invention(s).

I/we hereby further agree that I/we shall, upon demand of Assignee, its successors or assigns, and without further consideration to me/us, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, to be a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by me/us.

I/we hereby further agree and authorize the Commissioner of Patents and Trademarks of the United States and all other appropriate government officials for applicable countries foreign to the United States to issue any and all above-identified patents to Assignee.
