(hereinafter referred to as the "Assignee"), desires to document its ownership in our entire right, title, and interest in and to the Inventions, and in and to any Letters Patent that may be granted therefor;

NOW, THEREFORE, in consideration of One Dollar (CAN\$1.00) and of other good and valuable considerations, receipt of which is hereby acknowledged by us, and intending to be legally bound, we do hereby acknowledge that as of the date we made each of the Inventions, we did thereupon sell, assign, and transfer to Assignee and Assignee's legal representatives our entire 100% worldwide right, title, and interest together with all rights of priority, in the Inventions and improvements thereto, as described and/or claimed in said applications for United States patent and any and all applications for Letters Patent, in any country or jurisdiction, based in whole or in part thereon, including divisions, continuations, and continuations-in-part thereof, as well as all foreign counterparts and all applications containing disclosure in common therewith, together with all Letters Patent, or similar grants of invention or innovation rights in any country, or jurisdiction arising from any of the aforesaid applications, as well as any and all extensions, reissues, and reexaminations thereof, the same to be held and enjoyed by Assignee, its successors, and its assigns, to the full ends of the terms of all said Letters Patent, or similar grants of invention or innovation rights therefor, which may be granted.

We hereby authorize and request the Patent Office officials in the United States and all foreign countries or jurisdictions to issue any and all of said Letters Patent, or similar grants of invention or innovation rights when granted, to Assignee, as the Assignee of our entire right, title, and interest in and to the same, for the sole use of Assignee, its successors, and its assigns. We hereby authorize the Assignee to make applications for and to receive Letters Patent, or similar grants of invention or innovation rights for the Inventions and improvements thereto in any foreign countries or jurisdictions in its own name, or our names, at its election.

Further, we hereby agree to communicate to Assignee or its representatives any facts known to us respecting the Inventions, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, reissue and related United States and foreign applications and declarations relating thereto, execute all necessary claims of priority and assignment papers to cause any and all of said Letters Patent to be issued to Assignee, make all rightful oaths, and generally to do everything possible to aid Assignee, its successors, and its assigns, to obtain and enforce protection for the Inventions in the United States and in any and all foreign countries or jurisdictions. The rights and property herein conveyed by us are free and clear of any encumbrances.

We hereby authorize Gerry J. Elman, Registration No. 24,404, of the firm Elman Technology Law, P.C. ("ETL"), to correct errors in this Assignment document and to insert any further identification or information necessary or desirable to make this Assignment recordable in the United States Patent and Trademark Office ("PTO"), or elsewhere.

If any provision of this document should be found invalid or unenforceable under relevant law, such provision shall be deemed excluded and redacted here from, and the validity and enforceability of the remaining provisions shall not be affected thereby.
