## ASSIGNMENT

This Assignment is by:

Assignee: **Glup LLC**

Address: 66 South Logan Street, Denver, Colorado 80209, United States of America

A limited liability company duly organized under and pursuant to the laws of: Colorado

(referred to in this Assignment as “Assignor”), whose mailing address is listed above.

This Assignment is to:

Assignor: **Preservation Systems Inc.**

Address: 1854 Del Rosa Court, Boulder, Colorado 80304, United States of America

A corporation duly organized under and pursuant to the laws of: Delaware

(referred to in this Assignment as “Assignee”), which desires to acquire the entire right, title and interest in the invention(s) and in the U.S. provisional application and the Patent Cooperation Treaty (PCT) application listed below, and in any United States or foreign letters patent or patents to be obtained therefor and thereon.

Assignor is the sole and lawful owner of the entire right, title and interest in and to certain new and useful inventions in:

### **APPARATUS, SYSTEM, AND METHOD FOR MODIFIED ATMOSPHERE PACKAGING**

for which the following U.S. provisional application has been filed:

Serial No.: **63/048,311**

Filing Date: **July 6, 2020**

for which the following U.S. non-provisional application has been filed:

Serial No.: **17/368,011**

Filing Date: **July 6, 2021**

for which the following Patent Cooperation Treaty (PCT) application has been filed:

Serial No.: **PCT/US2021/040517**

Filing Date: **July 6, 2021**

and for which the following U.S. continuation-in-part application has been filed:

Serial No.: **18/478,658**

Filing Date: **September 29, 2023**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged,

1. Assignor hereby sells, assigns, transfers and sets over, to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, U.S. provisional application, non-provisional application, and Patent Cooperation Treaty (PCT) application, and any and all letters patent or patents in the United States of America and all foreign countries which may be granted therefor and thereon, and in and to any and all follow-on provisionals, non-provisionals, national stage applications, divisions, continuations, continuations-in-part and substitutions of said applications, or reissues, re-examinations or extensions of said letters patent or patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee (including any right to institute actions and to recover damages for past, present and future infringement), for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

2. Assignor represents, warrants and covenants that, at the time of execution and delivery of this agreement, Assignor is the sole and lawful owner of the entire right, title and interest in and to said inventions and said applications for letters patent, and that the same are unencumbered and that Assignor has good and full right and lawful authority to sell and convey the same in the manner set forth in this agreement.

3. Assignor shall promptly sign and execute all papers and documents, take all lawful oaths, and do all acts necessary, required or useful for the procurement, maintenance, enforcement, defense or otherwise to secure title thereto to the Assignee, at the sole cost and expense of Assignee, its successors, legal representatives and assigns, in each case including, without limitation, arising from or relating to (a) said inventions, said U.S. provisional application, said U.S. non-provisional application, or said PCT application; (b) letters patent for said inventions in any country or jurisdiction, including any reissue, re-examination or extension of or interference proceedings; or (c) any follow-on provisionals, non-provisionals, national stage applications, divisions, continuations, continuations-in-part, or substitutions of any application for letters patent or any reissues, re-examinations, extensions or interference proceedings involving any letters patent, to be obtained thereon. To be clear, for purposes of this paragraph, "desirable" shall include, without limitation, any act necessary or useful in connection with United States laws and/or international conventions.

4. Assignor and Assignee hereby grant all of Kubota & Basol LLP the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, the Patent Cooperation Treaty (PCT), or any foreign patent issuing authority for recordation of this document, including the power to insert on this assignment the application number and filing date of said application when known.

5. This assignment may be executed in one or more counterparts, with the same effect as if each signature were on the same document. Each counterpart so executed shall be deemed to be an original, and all such counterparts shall be construed together and shall constitute one agreement.

In witness whereby, executed by the undersigned on the date(s) opposite the undersigned name(s).
