INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENTJanuary 16, 2024

THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT ("IP Assignment"), dated as of the date first written above, is made by ROVNER PRODUCTS, INC., a Maryland corporation ("Seller"), in favor of ROVNER MC LLC, a Delaware limited liability company ("Buyer"). Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement (as defined below).

WITNESSETH:

WHEREAS, Seller, Buyer, and for the limited purposes stated therein, George Reeder and Dana Lynn Reeder, individual residents of the State of Maryland, have entered into an Asset Purchase Agreement dated as of December 19, 2023 (the "Asset Purchase Agreement"), whereby the Seller has, among other things, agreed to sell, transfer, convey, assign, grant, and deliver to Buyer, and Buyer has agreed to accept and assume, the Intellectual Property Assets.

NOW THEREFORE, in consideration of the promises, agreements, and covenants set forth herein and in the Asset Purchase Agreement and such other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignment. Seller hereby irrevocably conveys, transfers, and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title, and interest in and to the Intellectual Property Assets, including (but not limited to) the following:

(a) the patents and patent applications set forth on Schedule A hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the "Patents");

(b) the trademark registrations and applications set forth on Schedule B hereto and all issuances, extensions, and renewals thereof (the "Trademarks"), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks; provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule B hereto, the transfer of such applications accompanies, pursuant to the Asset Purchase Agreement, the transfer of Seller's business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing;

(c) all rights of any kind whatsoever of Seller accruing under any and all of the Intellectual Property Assets provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(d) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of Intellectual Property Assets; and

(e) any and all claims and causes of action with respect to any of the Intellectual Property Assets, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Buyer. Following the date hereof, upon Buyer's reasonable request, Seller shall take such steps and actions, and provide such cooperation and assistance to Buyer and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Assigned IP to Buyer, or any assignee or successor thereto.

3. Terms of the Asset Purchase Agreement. The parties hereto acknowledge and agree that this IP Assignment is entered into pursuant to the Asset Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Buyer with respect to the Assigned IP. The representations, warranties, covenants, agreements, and indemnities contained in the Asset Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern and control.

4. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

5. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns. All of the covenants, terms and conditions set forth herein shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns.

6. Governing Law. Section 10.10 of the Asset Purchase Agreement is hereby incorporated herein *mutatis mutandis*.
