# DECLARATON AND ASSIGNMENT

## DECLARATON PURSUANT TO 37 C.F.R. 1.63 AND ASSIGNMENT

### I. DECLARATOIN

As the below named inventor, I hereby make the following declarations with respect to the applications for patent listed on Exhibit A attached hereto.

The applications for patent listed on Exhibit A were made or authorized to be made by me:

I believe I am the original inventor (if only one name is listed below) or an original joint inventor (if plural names are listed below) of the inventions contained in the applications listed in Exhibit A.

I acknowledge the duty to disclose information that is material to the patentability of this application as defined in Title 37, Code of Federal Regulations, §1.56.

I hereby acknowledge that any willful false statement made in this Declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

### II. ASSIGNMENT

WHEREAS, we have invented, solely or jointly, the inventions/applications for patent listed in Exhibit A; and

WHEREAS, **Cardiac Implants, LLC** (hereinafter "Assignee"), an LLC organized and existing under the laws of the state of Delaware and having a usual place of business at 25 Lake Terrace, Tarrytown, NY 10591, desires to acquire an interest and/or confirm its interest therein, in accordance with agreements duly entered into with me.

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have assigned and transferred and do hereby convey, transfer and assign unto said ASSIGNEE, its successors, assigns, an legal representatives, the entire right, title and interest throughout the world in the patents and applications listed in Exhibit A and in the inventions included or described in the patents and applications listed in Exhibit A, including any and all applications for United States letters patent listed therein, and any and all other applications for patents and applications in the United States and any other countries which may be filed, either solely or jointly with others, on said invention or improvements, including any non-provisional U.S. patent applications that claim priority to the above-mentioned applications listed in Exhibit A, divisional, continuation and continuation-in-part applications, and in any and all Letters Patent of the United States or of any other country which may be obtained on any of said applications, and in any reissue, reexam or extension thereof.

We hereby agree, upon the request and at the expense of said assignee, its successors, legal representatives and assigns, to execute any and all divisional, continuation, and C-I-P applications for said invention or improvements, and any necessary oath or supplemental oath or affidavit relating thereto, and any application for the reissue, reexam or extension of any Letters Patent that may be granted upon said application that said assignee, its successors, legal representatives and assigns may deem necessary or expedient. We further agree, upon the request of said assignee, its successors, legal representatives and assigns, in the event of said application or any division, continuation, or C-I-P thereof, or Letters Patent issued thereon, or any reexam, reissue or application for the reissue thereof becoming involved in interference, to cooperate to the
