WITNESSETH:

WHEREAS, pursuant to that certain Term Loan Credit Agreement, dated as of November 30, 2022 (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement"), by and among BowFlex Inc. (f/k/a Nautilus, Inc.), a Washington corporation ("BowFlex"), Nautilus Fitness Canada, Inc., a corporation organized under the laws of British Columbia ("Nautilus Canada"), and those additional entities that hereafter become parties to the Credit Agreement as Borrowers in accordance with the terms thereof (together with BowFlex and Nautilus Canada, each, a "Borrower" and individually and collectively, jointly and severally, the "Borrowers"), the lenders party thereto as "Lenders" (such Lenders, together with their respective successors and permitted assigns in such capacity, each, individually, a "Lender" and, collectively, the "Lenders"), and Agent, the Lender Group has agreed to make certain financial accommodations available to Borrowers from time to time pursuant to the terms and conditions thereof;

WHEREAS, the members of the Lender Group are willing to make the financial accommodations to Borrowers as provided for in the Credit Agreement and the other Loan Documents, but only upon the condition, among others, that Grantors shall have executed and delivered to Agent, for the benefit of the Lender Group, that certain Guaranty and Security Agreement, dated as of November 30, 2022 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Guaranty and Security Agreement");

WHEREAS, pursuant to the Guaranty and Security Agreement, Grantor executed and delivered to Agent, for the benefit of the Lender Group, that certain Patent Security Agreement, dated as of November 30, 2022 (the "Patent Security Agreement"), which was recorded with the United States Patent and Trademark Office ("PTO") on November 30, 2022, at Reel 062029 and Frame 0373;

WHEREAS, effective November 1, 2023, the Grantor changed its name from Nautilus, Inc. to BowFlex Inc. (the "Name Change"), which was recorded with the PTO with respect to certain U.S. patents and patent applications on December 7, 2023, at Reel 065808 and Frame 0931 and on December 11, 2023, at Reel 065865 and Frame 0886; and

WHEREAS, Grantor has acquired additional Patent Collateral, and Grantor and Agent desire to affirm the pledge of, and grant of a security interest in, the Patent Collateral as of the current date, and to reflect the Name Change of Grantor with respect to the Patent Collateral.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. **DEFINED TERMS**. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Guaranty and Security Agreement or, if not defined therein, in the Credit Agreement, and this Amended Patent Security Agreement shall be subject to the rules of construction

set forth in Section 1(b) of the Guaranty and Security Agreement, which rules of construction are incorporated herein by this reference, *mutatis mutandis*.

2. GRANT OF SECURITY INTEREST IN PATENT COLLATERAL. Each Grantor hereby grants to Agent, for the benefit of each member of the Lender Group, to secure the Secured Obligations, a continuing security interest (referred to in this Amended Patent Security Agreement as the "Security Interest") in all of such Grantor's right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the "Patent Collateral"):

(a) all of its United States and Canadian Patents and other patents, including the issued patents, industrial designs and applications referred to on Schedule I;

(b) all divisionals, continuations, continuations-in-part, reissues, reexaminations, or extensions of the foregoing; and

(c) all products and proceeds (as that term is defined in the Code) of the foregoing, including any claim by such Grantor against third parties for past, present or future infringement of any Patent.

3. SECURITY FOR SECURED OBLIGATIONS. This Amended Patent Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Amended Patent Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by Grantors, or any of them, to Agent, the other members of the Lender Group or any of them, whether or not they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving any Grantor.

4. SECURITY AGREEMENT. The Security Interest granted pursuant to this Amended Patent Security Agreement is granted in conjunction with the security interests granted to Agent, for the benefit of the Lender Group, pursuant to the Guaranty and Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the Security Interest in the Patent Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Amended Patent Security Agreement and the Guaranty and Security Agreement, the Guaranty and Security Agreement shall control.

5. AUTHORIZATION TO SUPPLEMENT. Without limiting Grantors' obligations under the Guaranty and Security Agreement, Grantors hereby authorize Agent unilaterally to modify this Amended Patent Security Agreement by amending Schedule I to include any new patent rights of each Grantor. Notwithstanding the foregoing, no failure to so modify this Amended Patent Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Agent's continuing security interest in all Collateral, whether or not listed on Schedule I.

6. COUNTERPARTS. This Amended Patent Security Agreement is a Loan Document. This Amended Patent Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Amended Patent Security Agreement. Delivery of an executed counterpart of this Amended Patent Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Amended Patent Security Agreement. Any party delivering an executed counterpart of this Amended Patent Security Agreement by telefacsimile or other electronic method of transmission also shall deliver an original executed counterpart of this Amended Patent Security

Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Amended Patent Security Agreement.

7. RELEASE AND TERMINATION. Upon any termination or release of the Patent Collateral pursuant to Section 23 of the Guaranty and Security Agreement, Agent shall, at the request and expense of each Grantor, promptly execute and deliver to such Grantor all UCC termination statements, releases of intellectual property filings, and similar documents and take such other actions as such Grantor may reasonably request in writing to evidence such termination or release of the Patent Collateral.

8. CHOICE OF LAW AND VENUE, JURY TRIAL WAIVER, AND JUDICIAL REFERENCE PROVISION. THIS AMENDED PATENT SECURITY AGREEMENT SHALL BE SUBJECT TO THE PROVISIONS REGARDING CHOICE OF LAW AND VENUE, JURY TRIAL WAIVER, AND JUDICIAL REFERENCE SET FORTH IN SECTION 25 OF THE GUARANTY AND SECURITY AGREEMENT, AND SUCH PROVISIONS ARE INCORPORATED HEREIN BY THIS REFERENCE, *MUTATIS MUTANDIS*.
