for which a PCT Application is made, said application being assigned PCT Application No. **PCT/US19/63323** filed on **November 26, 2019**; and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said invention, said PCT application and any Utility Patent that may be applied for and/or granted for said invention in the United States and throughout the world, including all U.S. applications, Continuation-in-Part applications, Continuation application, Divisional applications, and all foreign national and/or regional applications;

And I/we hereby authorize ASSIGNEE, its successors, legal representative and assigns to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of ASSIGNEE or otherwise as ASSIGNEE may deem advisable, under the International Convention or otherwise.

And I/we hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patents for said inventions to ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

And I/we hereby sell, assign, transfer, and convey to ASSIGNEE, its successors, legal representatives, and assigns all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to ASSIGNEE, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of said Letters Patents before or after issuance.

And I/we hereby covenant and agree that we will communicate to ASSIGNEE, its successors, legal representatives and assigns, any facts known to us respecting the inventions, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce patent protection for said inventions in all countries.
