PATENT ASSIGNMENT

For valuable and sufficient consideration from Russo Trading Company, Inc. (hereinafter referred to as "Assignee"), a Wisconsin corporation having its principal place of business at N57 W13282 Carmen Avenue, Menomonee Falls, Wisconsin 53051, receipt of such consideration being hereby acknowledged, we,

William P. Russo, an individual residing at 226 Main Street, Delafield, Wisconsin 53018 USA; and

David Liao, an individual residing at 880 LAKE CAROLYN PARK
APT 327, LIVING, TX 75039-1316.

(collectively hereinafter referred to as "Assignor"), hereby sells, assigns, and conveys unto Assignee, its successors and assigns, our entire right, title and interest:

- (1) in and to U.S. Patent No. D707,523S issued on June 24, 2014 and the invention therein; and
- (2) in and to any applications hereafter filed in the United States (including reexaminations, reissue applications, and legal equivalents thereof) based upon U.S. Patent No. D707,523S, if any, to the full end of the term or terms for which said patent or patents may be granted or issued.

This assignment expressly includes the complete right to enforce U.S. Patent No. D707,523S and the invention described herein, including all rights of action, injunctive and equitable relief, damages for all past, present, and future infringement, and the recovery of all past, present, and future damages, including, but not limited to, reasonable royalties and lost profits, for any violation of the U.S. Patent No. D707,523S and the patent or patent application rights. Assignor does not retain any right to any recoveries for infringement or to sue in its own name with regard to the U.S. Patent No. D707,523S or the invention therein. This assignment expressly grants Assignee all patent rights as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor hereby further agrees that it shall, upon demand of Assignee, its successors or assigns, and without further consideration to Assignor, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, to be a complete fulfillment of the intent and purposes of this assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by Assignor.

Assignor hereby further agrees and authorizes the Commissioner of Patents and Trademarks of the United States and all other appropriate government officials for applicable countries foreign to the United States, to issue any and all above-identified patents to Assignee.
