## PATENT ASSIGNMENT AGREEMENT

THIS PATENT ASSIGNMENT AGREEMENT (this “**Assignment**”) is made effective this February 6, 2024, by and between Snow Joe, LLC, a New York limited liability company, (the “**Assignor**”), and Weather Brands, LLC, a Texas limited liability company (the “**Assignee**”); each a “**Party**” and together, the “**Parties**”.

### WITNESSETH:

**WHEREAS**, Assignor is the owner of all of the rights, titles and interests in and to certain patents and service marks, including the registered patents, service marks, applications therefor and trade names as set forth on Exhibit A attached hereto (the “**Assigned Patents**”);

**WHEREAS**, Assignor surrendered all of its rights and interest to the Assigned Patents to Wells Fargo Bank, a National association (“**Lender**”), as secured party in possession, pursuant to that certain Secured Party Bill of Sales, dated as of February 6, 2024, by and between Assignor, Lender, and Licensee (“**Peaceful Possession Agreement**”); and

**WHEREAS**, Assignee agrees to accept, and Assignor agrees to assign and transfer, all the rights and interests to the Assigned Patents through a secured party sale conducted by Lender pursuant to the terms of the Peaceful Possession Agreement.

**NOW, THEREFORE**, in consideration of the mutual covenants and undertakings set forth in the Peaceful Possession Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Assignment of Patents. Assignor hereby agrees and affirms that, via and as a result of the secured party sale referenced above, assignor has contributed, granted, conveyed, transferred, assigned, and delivered to Assignee, its successors, and assigns, Assignor's entire right, title and interest in and to the Assigned Patents, including all patent applications and registrations therefor, as well as any renewals thereof, all income, royalties, damages, and payments now or hereafter due or payable with respect to the Assigned Patents, all claims and causes of action (in law and/or equity) and the right to sue, counterclaim, recover and collect and retain any proceeds for past, present, and future infringement, misappropriation, or dilution of the rights assigned to Assignee, and all other rights corresponding thereto throughout the respective countries where Assignor holds rights in the Assigned Patents, to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives, to be held, used and enjoyed as fully and entirely as said rights would have been held and enjoyed by Assignor had this assignment not been made.

2. Use of Assigned Patents. Assignor, as of the Effective Date, agrees to cease using the Assigned Patents and further agrees, without further consideration, to cause to be performed such lawful acts and to execute such further documents regarding the rights assigned, transferred and sold herein, as reasonably requested by Assignee or its successors or assigns.

3. Further Assurances. Assignor covenants and agrees that, from time to time after the delivery of this Assignment, Assignor shall, promptly upon reasonable request and for no additional consideration, but at no cost to Assignor make, sign, execute, acknowledge, deliver, undertake and cause to be done such further instruments, actions, conveyances, transfers, assignments, powers of attorney and assurances, and take such other actions as may reasonably be requested by the Assignee or its counsel in order more effectively to convey, transfer, assign and vest in the Assignee in any jurisdiction.

4. Attorney-In-Fact. Assignor hereby constitutes and appoints Assignee, its successors and assigns, Assignor's true and lawful attorney and attorneys, with full power of substitution, in Assignor's name and stead, but on behalf of and for the benefit of Assignee, its successors and assigns, from time to time, to institute and prosecute in Assignor's name, or otherwise, at the expense and for the benefit of Assignor, its successor and assigns, any and all proceedings at law, in equity or otherwise, which Assignee, its successor or assigns, may deem proper for the collection and enforcement of any claim or right of any kind hereby contributed, conveyed, transferred, assigned and delivered, or intended so to be, and to do all reasonable acts and things in relation to this Assignment, including, without limitation, all documents necessary to record in the name of Assignee the assignment of the Assigned Patents with the United States Patent & Trademark Office, and with respect to any foreign rights, with any other appropriate trademark office or registrar. Assignor hereby declares that the foregoing powers are coupled with an interest and are and shall be irrevocable by Assignor in any manner or for any reason whatsoever.

5. Amendment. This Assignment may not be amended, modified, waived, or terminated except in a writing signed by all Parties.

6. Binding Effect. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns.

7. Governing Law. This Assignment shall be governed by, enforced under and construed in accordance with the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws, and the applicable federal laws of the United States of America pursuant to Title 15 of the United States Code.

8. Execution. This Assignment may be executed by facsimile, scanned and emailed or other electronic signatures and in counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same agreement.

9. Authorization. Assignor hereby requests and authorizes the Commissioner of Patents and Trademarks, in the United States Patent and Trademark Office, and any other empowered governmental official in the United States and/or in the relevant jurisdictions outside the United States, to record and/or register this Assignment and to record and/or register Assignee as the assignee and owner of the Assigned Patents.
