INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (“**Intellectual Property Assignment**”) is made as of January 22, 2024 (the “**Effective Date**”), by and among Timber Pharmaceuticals, Inc. (the “**Company**”), a Delaware corporation, Timber Pharmaceuticals, LLC (“**Timber LLC**”), a Delaware limited liability company, BioPharmX, Inc. (“**BioPharmX**” and together with the Company and Timber LLC, the “**Assignors**”, and each being an “**Assignor**”), a Nevada corporation, and LEO Pharma A/S (“**Assignee**”), a Danish *Aktieselskab*.

WHEREAS, Assignors and Assignee entered into that certain Asset Purchase Agreement dated November 17, 2023, as may be amended from time to time (the “**Asset Purchase Agreement**”); and

WHEREAS, Assignee is desirous of acquiring, in connection with the transactions contemplated by the Asset Purchase Agreement, all of Sellers’ right, title and interest in and to the Intellectual Property Assets set forth in Section 2 of this Intellectual Property Assignment.

NOW, THEREFORE, subject to the terms and conditions set forth in the Asset Purchase Agreement and in consideration of the premises and other good and valuable consideration as set forth in the Asset Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, Assignors and Assignee hereby agree as follows:

1. Definitions. Capitalized terms used but not otherwise defined herein shall have the meaning set forth in the Asset Purchase Agreement. Whenever the words “include,” “includes” or “including” are used in this Intellectual Property Assignment, they shall be deemed to be followed by the words “without limitation,”

2. Assignment. Assignors hereby sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, all of Assignors’ right, title and interest in, to and under all Intellectual Property Assets that are owned by Assignors or held for use in the conduct of the Business as currently conducted or proposed to be conducted, effective as of the date hereof, including the Intellectual Property Rights listed in Schedule A appended hereto, and all Intellectual Property Rights owned or held for use by Assignors relating to the Company Products and the “Timber Pharmaceuticals” company name and any underlying trademarks, whether or not registered, together with all (i) royalties, fees, income, payments, and other proceeds now or hereafter due or payable to Assignors with respect to such Intellectual Property Rights; and (ii) claims and causes of action with respect to such Intellectual Property Rights, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal or equitable relief for past, present, or future infringement, misappropriation, or other violation thereof.

3. Authorization. Assignors hereby authorize and request the United States Patent and Trademark Office, the United States Copyright Office, and the authorities of any other applicable jurisdictions whose duty is to issue patents, trademarks, copyrights, or other evidence or forms of intellectual or industrial property protection on applications as aforesaid, to respectively issue the same to the Assignee and to respectively record the Assignee as owner of the Intellectual Property

Assets, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of the Assignee and its successors, legal representatives and assigns.

4. Further Assurances. Assignors shall provide Assignee with all such assistance that Assignee may reasonably request for the full utilization of the rights granted in Section 2 above, including making or executing (or causing Assignors' current or former employees or contractors to make or execute), as applicable, all filings, applications and any further assignments or other documents or instruments, signing all lawful papers, and making all rightful oaths necessary or desirable to carry out the purposes or intent of this Intellectual Property Assignment and to aid the Assignee and its successors, legal representatives and assigns to obtain and enforce proper protection for the Intellectual Property Assets in any jurisdiction and to record the Assignee as owner of the Intellectual Property Assets. Assignors' reasonable costs and expenses incurred in connection with such assistance to Assignee shall be borne by Assignee.

5. Further Assurances. Assignors shall take all actions reasonably necessary or appropriate to consummate the transactions contemplated by the Asset Purchase Agreement and provide the other parties thereto with reasonable cooperation and take such actions as such other parties may be reasonably request in connection with the consummation of the transactions contemplated therein.

6. General.

(a) Governing Law. This Intellectual Property Assignment is to be governed by and construed in accordance with the Federal Bankruptcy Law, to the extent applicable, and where state Law is implicated, the internal Laws of the State of Delaware shall govern, without regard to the laws of any other jurisdiction that might be applied because of conflicts of laws principles of the State of Delaware.

(b) Jurisdiction. The Bankruptcy Court will have jurisdiction over any and all disputes between or among the parties hereto, whether at law or in equity, arising out of or related to this Intellectual Property Assignment; provided, however, that if the Bankruptcy Court is unwilling or unable to hear any such dispute, the courts of the State of Delaware and the federal courts of the United States Of America located in Delaware will have sole jurisdiction over any and all disputes between or among the parties hereto, whether at law or in equity, arising out of or related to this Intellectual Property Assignment.

(c) Waiver of Jury Trial. Each of the parties hereto hereby irrevocably waives any and all right to trial by jury in any legal proceeding arising out of or related to this Intellectual Property Assignment.

(d) Counterparts. This Intellectual Property Assignment may be signed manually or by facsimile or other electronic transmission by the parties (including in .pdf, .tiff, .jpg or similar format), in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Intellectual Property Assignment shall become effective when each party hereto shall have received a counterpart hereof signed by all of the other parties hereto. Until and unless each party has received a counterpart hereof signed by the other party hereto, this Intellectual Property

Assignment shall have no effect and no party shall have any right or obligation hereunder (whether by virtue of any other oral or written agreement or other communication).

(e) Entire Agreement. This Intellectual Property Assignment, the Asset Purchase Agreement, the Ancillary Documents and the DIP Loan Agreement, constitute the entire agreement between the parties with respect to the subject matter contained herein and therein and supersede all prior agreements and understandings, both oral and written, between the parties with respect to such subject matter. In the event of any inconsistency between the statements in the body of this Intellectual Property Assignment, the Asset Purchase Agreement and those in the Ancillary Documents, the Exhibits and Disclosure Schedules (other than an exception expressly set forth as such in the Disclosure Schedules), the statements in the body of the Asset Purchase Agreement will control.

(f) Binding Agreement. This Intellectual Property Assignment is being delivered pursuant to the Asset Purchase Agreement and shall be construed consistently with the Asset Purchase Agreement. The provisions of this Intellectual Property Assignment shall be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns. Nothing in this Intellectual Property Assignment, express or implied, is intended to or shall be construed to supersede, modify, replace, amend, change, rescind, waive, exceed, enlarge, expand or limit in any way the terms of the Asset Purchase Agreement. To the extent that any provision of this Intellectual Property Assignment conflicts or is inconsistent with the terms of the Asset Purchase Agreement, the Asset Purchase Agreement shall govern. This Intellectual Property Assignment is only intended to effect the transfer of the Purchased Assets and the assignment and assumption of the Assumed Liabilities pursuant to the Asset Purchase Agreement and shall be governed entirely in accordance with the terms and conditions of the Asset Purchase Agreement.
