NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **Assignment**. As of the Effective Date, Assignor hereby sells, assigns, transfers, and conveys to Assignee and its successors, assigns, and nominees, Assignor's entire right, title, and interest worldwide in and to the Patents, and including the right to sue for and receive all damages from past infringements arising prior to the Effective Date, the same to be held and enjoyed by Assignee, its successors, assigns, and legal representatives.

2. **Further Assurances**. Assignor further agrees to execute all documents and do all such other things as may be necessary or appropriate to carry out the intent and/or purpose of this Assignment Agreement, including but not limited to executing all necessary deeds, agreements or other documents required at law to effect registration or recordal of the assignment of the Patents listed in **Appendix A** in any jurisdiction. In addition, and without limiting the generality of the foregoing, Assignor further agrees, at the request of Assignee or its successors in interest, to do all lawful acts which may be required for obtaining and enforcing the intellectual property rights in the Patents, and to otherwise aid Assignee or its successors in interest in enforcing intellectual property rights in the Patents, all at the expense of Assignee or its successors in interest.

3. **Power of Attorney**. Assignor hereby constitutes and appoints Assignee and its successors and assigns as Assignor's true and lawful attorneys with full power of substitution, in Assignor's name and stead but on behalf and for the benefit of the Assignee and its successors and assigns, to demand and receive any and all of the Patents and to give receipts and releases for and in respect of the same, and any part thereof, and from time to time to institute and prosecute, at the expense and for the benefit of the Assignee and its successors and assigns, any and all proceedings at law, in equity or otherwise, or to execute such documents, which the Assignee or its successors or assigns may deem proper for the collection or reduction to possession of, or recordation of ownership to, any of the Patents, or for the collection and enforcement of any claim or right of any

kind hereby sold, conveyed, transferred and assigned, or intended so to be, and to do all acts and things in relation to the Patents which the Assignee or its successors or assigns shall deem desirable. The foregoing powers are coupled with an interest and are and shall be irrevocable by the Assignor or by dissolution of the Assignor or in any manner or for any reason whatsoever.

4. **Governing Law.** The formation, construction, and performance of this Assignment Agreement, including the rights and duties of the parties hereunder, shall be construed, interpreted, governed, applied and enforced in accordance with the laws of the State of New Hampshire applicable to agreements entered into and performed entirely therein by residents thereof, without regard to any provisions relating to conflicts of laws among different jurisdictions.
