ASSIGNMENT

This Assignment is effective as of May 16, 2012.

WHEREAS, We, **T. Tait Robb, Stephen M. Herrington, Miguel G. Montero, Ralph E. Goodman, Dan P. Rogers, John J. Bellanca, and Zachary B. Suttin**, have invented certain new and useful improvements in the following **"TEMPORARY ABUTMENT WITH COMBINATION OF SCANNING FEATURES AND PROVISIONALIZATION FEATURES,"** for which we have made applications for United States Letters Patent, as Application Nos. 13/473,202 and 13/473,219, both filed on May 16, 2012; and a PCT Application No. PCT/US2012/038097, filed on May 16, 2012.

WHEREAS, **Biomet 3i, LLC**, a corporation organized and existing under the laws of the State of Florida, having its principal place of business at 4555 Riverside Drive, Palm Beach Gardens, Florida 33410 (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring our entire right, title, and interest in and to the invention(s), and in and to the applications and any Letters Patent(s) that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign, and transfer unto ASSIGNEE, its successors, assigns, and legal representatives our entire right, title, and interest in and to said invention(s) and in and to said applications and all patents which may be granted therefore, and all provisionals, utilities, designs, divisions, reissues, substitutions, continuations, continuations-in-part, and extensions thereof; and we hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention(s), or patents resulting therefrom, insofar as our interest is concerned, to the ASSIGNEE of our entire right, title, and interest.

We also hereby sell and assign to said ASSIGNEE, its successors, assigns, and legal representatives the full and exclusive rights, title, and interest to the invention(s) disclosed in said applications throughout the world, including the right to file applications and obtain patents, utility models, industrial models, and designs for said invention(s) in its own name throughout the world, including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention(s) and all rights to register said invention(s) in appropriate registries; and

We further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such rights, title, and interest in ASSIGNEE, its successors, assigns, and legal representatives.

We hereby further agree that we will communicate to said ASSIGNEE, or its successors, assigns, and legal representatives, any facts known to us respecting any improvements; and, at the expense of said ASSIGNEE, to testify in any legal proceedings, sign all lawful papers, execute all provisional, utility, design, divisional, continuation, continuation-in-part, reissue, and substitute applications, make all lawful oaths, and generally do everything possible to vest title in said ASSIGNEE and to aid said ASSIGNEE, its successors, assigns, and legal representatives to obtain and enforce proper protection for said invention(s) in all countries.

Executed this 17th day of May, 2012.
