NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned, and transferred and does hereby sell, assign, and transfer to the Assignee, its successors, legal representatives, and assigns, Assignor's entire right, title and interest in and to the Patent; all income, royalties or payments due or payable to Assignor with respect to the Patent; and any and all rights to sue for, collect, settle, or release any past, present, or future infringement of the Patent, including provisional rights which may be, shall be, or have been granted; and

Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey all right, title, and interest in the Patent, and that Assignor has not conveyed nor will convey hereafter all or part of the Patent to a third party, and Assignor hereby covenants and agrees with the Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these representations; and
