## ASSIGNMENT

WHEREAS, Precision Thoracic Corporation, a Delaware corporation (hereinafter "Corporation"), was the owner of certain inventions, patent applications, and other intellectual property related to lung tissue excision and sealing and a treatment catheter as more further described on Schedule "A" hereto (the "Intellectual Property");

WHEREAS, the Corporation was dissolved on or about May 19, 2009, distributing in liquidation all right, title and interest in, to, and under the Intellectual Property to the shareholders of the Corporation, said shareholders being John Harris, Dr. Andrew Firlík and Dr. Edward M. Boyle, Jr. (collectively the "Shareholders"); and

WHEREAS, the Shareholders desire to assign all of their right, title and interest in, to, and under the Intellectual Property throughout the world to Precision Thoracic LLC, a Delaware limited liability company having an address at 1010 West La Veta, Suite 775, Orange, California 92668-4306 (hereinafter "Assignee"), and Assignee is desirous of acquiring all right, title, and interest throughout the world in, to, and under the Intellectual Property, including all patents to issue from any of the foregoing.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, all right, title, and interest, in the United States and throughout the world, in, to, and under the Intellectual Property, and all the inventions described therein, and all patent rights, patent applications, patents and inventor's certificates thereof, therefor, and therein, and know-how related thereto, including without limitation all divisions and continuations thereof, all patents which may be granted on any of the foregoing by the United States or by states or nations other than the United States, or by other authority, entity, or organization, all reissues and extensions thereof, all right to sue for past infringement thereunder, and all rights of priority arising from the filing thereof, have been and are hereby sold, assigned, transferred, and delivered unto the Assignee, its successors and assigns; and it is covenanted and agreed by the undersigned, and for executors, administrators, and legal representatives of the undersigned, that at Assignee's request, or that of its successors or assigns, any and all applications, affidavits, assignments, and other instruments will be made, executed, and delivered as may be necessary, or desirable to secure for or vest in Assignee, its successors or assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other right or property covered by this assignment, and the United States Commissioner of Patents is hereby requested and authorized to issue any and all United States patents granted on any of said applications to Assignee as owner of the entire right, title, and interest in, to, and under the same, and appropriately empowered officials of foreign countries are hereby authorized to issue any letters patent granted on any of said applications to Assignee as owner of the entire right, title and interest in, to, and under the same.

The undersigned hereby grants the law firm designated by Assignee the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other domestic or foreign governmental authority for recordation of this document.
