ASSIGNMENT

Whereas, we, BENJAMIN JOHNSON, a citizen of the United States of America, residing at 521 E. LIGHTNER AVENUE, SALEM, SD 57058; and CHAD JOHNSON, a citizen of the United States of America, residing at 521 E. LIGHTNER AVENUE, SALEM, SD 57058; have made an invention in

LADDER STABILITY ENHANCING ASSEMBLY

for which we filed a utility application for Letters Patent of the United States of America based on our said invention, which was filed in the U.S. Patent and Trademark Office (U.S.P.T.O.) on January 16, 2019 as application number 16/249,178 (hereinafter said application is called "said utility application"), and on which U.S. Patent No. 10,883,310 was granted on January 5, 2021 (hereinafter said patent is called "said patent");

Now, therefore, for good and valuable consideration, the receipt and adequacy and sufficiency of which are hereby acknowledged, we have agreed to assign and transfer and do hereby assign and transfer unto

ADAMS FABRICATION & SOURCING, INC.

(hereinafter called "Company"), a corporation of SOUTH DAKOTA having its principal office at 47920 5TH STREET, CANTON, SD 57013 USA, its successors and assigns, the entire right, title and interest in and to said invention, and in and to said utility application and any division or continuation or continuation-in-part of said utility application, and in and to any and all improvements in the said invention made by each of us alone or jointly with others, and in and to said patent and any reissues and extensions thereof of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in Foreign countries in its own name and to claim any and all priority rights for such foreign applications to which such applications are or may be entitled under international conventions, treaties, or otherwise) which have been or may be granted on said utility application or on any divisional, continuation (in whole or in part), renewal, reissue or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed by said Company as fully and exclusively as they would have been by us had this assignment and transfer not been made;

We further agree for ourselves and for our heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other lawful acts, that may be deemed necessary by the aforesaid

Company, its successors, assigns and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;

And we do hereby authorize and request any official whose duty it is to issue patents, to issue any and all patents as may be granted upon any of the aforesaid applications to the aforesaid Company, as the assignee of the entire interest therein.

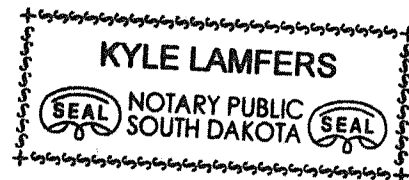

We hereby further warrant that we have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that we have good right to assign the same to Company without encumbrance.

We also hereby assign in all countries of the world any and all of my right, title and interest in and to any and all copyright property appertaining any drawings or other materials relating to the tangible means of expression and illustration of the said inventions and discoveries.

In witness whereof, we have hereunto signed our names on the day and year set forth below.
