ASSIGNMENT
(World Wide Patent Rights)

For good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, I, William Wallander, hereby sell, assign and transfer to Nuvalux LLC and agree to sell, assign and transfer to Nuvalux LLC, a limited liability company of the State of Texas, having its principal office at 6522 Waggoner Drive, Dallas, TX 75230, its successors and assigns or other legal representatives, all right, title and interest in and to the inventions listed on the attached Schedule A invented by me, including, but not limited to, all other embodiments and versions thereof, and all improvements, changes, revisions and modifications thereto (collectively, "the Inventions"), and to any United States and foreign patent applications filed for and patents to be obtained for the Inventions, including, without limitation, any and all utility and design applications and registrations for the Inventions and all applications, continuations, divisionals, continuations-in-part, re-issues, reexaminations, extensions and all other rights in and to the Inventions and all U.S. and foreign applications and patents for the Inventions and/or claiming priority to or from any of the foregoing, the said interest being the entire ownership of the Inventions, said U.S. Letters Patent and any foreign Letters Patent when granted, to be held and enjoyed by said Nuvalux LLC, its successors, assigns or other legal representatives, to the full end of the term for which said Letters Patents may be granted, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

I hereby agree to sign and execute any further documents or instruments which may be useful or necessary in the preparation and prosecution of the Inventions or in the preparation and prosecution of any continuing, continuation-in-part, substitute, divisional, renewal, reexamination or reissue applications or in any amendment, as well as any other papers useful or necessary to procure U.S. and foreign patents on said Inventions, and/or to secure recordable title thereto in Nuvalux LLC throughout the world.
