PATENT RIGHTS ASSIGNMENT

THIS PATENT RIGHTS ASSIGNMENT is made as of June 28, 2016 by and between BRIAN MURPHY and JOE PARTLOW (collectively, the "Inventors" or "Assignors") and RELIAQUEST HOLDINGS, LLC, a Florida limited liability company ("ReliaQuest Holdings" or "Assignee").

WHEREAS, the Inventors are the owners of the patent application listed in Schedule A attached hereto; and

WHEREAS, the Inventors desire to assign, and ReliaQuest Holdings desires to acquire, the entire right, title and interest in and to said patent application.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is acknowledged, and intending to be legally bound, ReliaQuest Holdings and the Inventors hereby agree as follows:

The Inventors hereby assign and transfer to ReliaQuest Holdings, its successors and assigns, and legal representatives all right, title and interest in and to the patent application listed in Schedule A, and any application or applications claiming priority therefrom, and any application or applications to which such patent applications claims priority, and any non-provisionals, divisionals, continuations, or continuations-in-part thereof, and the inventions therein disclosed, and any improvements thereon, and any and all Letters Patent of the United States and of countries foreign thereto and multinational patent authorities that may be issued thereon or therefor including any continuation, continuation-in-part, divisional, renewal, substitute, reissue or extension therefor or legal equivalent thereof, and all associated inventions together with all claims for damages by reason of past, present, and future infringement of the assigned rights, with the right to sue for and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns, and legal representatives.

The Inventors hereby authorize ReliaQuest Holdings, its successors and assigns and legal representatives, to file in its own name applications for patent in foreign countries and multinational registration authorities in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the patent or patents issued thereon; and the Inventors agree, upon request, to sign all papers, and make all rightful oaths, and do all reasonably necessary acts which ReliaQuest Holdings, its successors or assigns or legal representatives, may consider necessary in connection with said United States application, and in connection with any other United States or non-U.S. applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any patents issued or reissued thereon to effect the purpose of this assignment and carry out its provisions.
