ASSIGNMENT OF PATENT APPLICATION

Serial No: 18/231,744
Filing Date: August 8, 2023

Whereas, Abigail L. Dubois, residing in Danbury, CT and Lawrence H. Dubois, residing in Danbury, CT (hereinafter referred to individually and collectively as "Inventor") has made an invention relating to certain new and useful improvements in:

HINGE HAVING DUAL PIVOT AXES

("Invention") and has filed or therefor an application for Letters Patent of the United States having the Serial No. and Filing Date indicated above ("Application"):

Whereas, Each Jewels LLC (hereinafter "Assignee"), a Connecticut Limited Liability Company, and having a principal place of business at 340 E. 64th St., Apt. 5F, New York, NY 10065, is desirous of acquiring the entire right, title, and interest in and to said Invention, said Application, and the patent to be obtained therefor:

Now, therefore, for good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, Inventor has assigned and does hereby assign to Assignee and Assignee's legal representatives, successors and assigns, Inventor's entire right, title, and interest in and to the Invention, the Application and any other application, domestic or foreign, that claims said Invention, as well as any Letters Patent, domestic or foreign, that may or shall issue thereon; and Inventor does hereby authorize and request the Commissioner of Patents to issue Letters Patent in the name of Assignee.

The terms "Application" and "Application for Letters Patent" as used herein include both provisional and non-provisional applications.

Inventor hereby authorizes the above-mentioned Assignee or its legal representatives to insert in this instrument the filing date and serial number of said Application or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

With this assignment, Inventor conveys to Assignee the right to make application in its own name and behalf for patent protection of said Invention in the United States and in countries foreign to the United States, and where permitted and desired to claim priority to said Application.

Inventor further agrees to: (a) cooperate with Assignee in the prosecution of the Application and foreign counterparts; (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patent for the invention in any and all countries.
