INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT ("Agreement"), having an effective date being the date of the last signature below ("Effective Date"), is made by and between George Shenouda, operating at 11818 Windmill Lake Drive, Boynton Beach, FL, US, 33473 ("Assignor"), and KREUZE INNOVATIONS LLC, a business corporation existing under the laws of the State of Florida and having a usual place of business at 11818 Windmill Lake Drive, Boynton Beach, FL, US, 33473 ("Assignee").

WHEREAS, Assignor, before the Effective Date, was the true and correct owner of the following Patent Application: United States Non-Provisional Patent Application Serial No. 18/494,681, titled "APPARATUS, METHODS, AND SYSTEMS FOR IMPROVING SURGICAL CONTROL WITH A MEDICAL TORQUING DEVICE" and filed October 25, 2023;

WHEREAS, Assignee, desired to acquire as of the Effective Date, the entire right, title and interest in said Patent Applications and the inventions disclosed therein within the United States of America, its territorial possessions and all foreign countries, and any United States or foreign Letters Patent that may be granted therefrom;

WHEREAS, Assignor on the Effective Date, transferred its entire right, title and interest, if any, in said Patent Applications and the inventions disclosed therein within the United States of America, its territorial possessions and all foreign countries, and any United States or foreign Letters Patent that may be granted therefrom;

NOW THEREFORE, for good and valuable consideration, the receipt whereof is hereby acknowledged, Assignor hereby transfers and assigns to Assignee as of the Effective Date, Assignor's entire right, title, and interest for all countries in and to said Patent Applications and the inventions disclosed therein, and all the rights and privileges under any and all Letters Patent that may be granted therefrom, including but not limited to provisionals, non-provisionals, continuations, divisionals, reissues, reexaminations, extensions, continuations in part, and substitutions of said applications or such Letters Patent, and any right, title and interest Assignor may have in provisional applications to which said Patent Applications claims priority.

Assignor hereby authorizes and empowers Assignee as of the Effective Date to make application for patent or other form of protection for said Patent Applications and invention in its or their own name, or in Assignor's name, in any and all countries and to invoke and claim for any application for patent or other form of protection for said Patent Applications filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention that may be substituted for it, and to invoke and claims such right of priority without further written oral authorization from Assignor.

A copy of this assignment will be deemed to be a full legal and formal equivalent of any assignment, consent to file, or like document that may be required in any country for any purpose and, more particularly, in proof of the right of Assignee to apply for patent or other proper protection for said inventions for said Patent Applications, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention that may be substituted for it.

IN WITNESS WHEREOF, Assignor and Assignee have duly executed and delivered this Agreement of intellectual property assignment as of the Effective Date of the last signature below.
